GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers:—

No. 1426 T.J.

Report by the Superintending Engineer, Sixth Circle, on estimate for constructing a village road from Vadarungam to Mathalur and Kunnam, in Negapatam Circle, Rs. 5,250.

This estimate is, the undersigned thinks, for improving the old abandoned road.

1 Estimate.
1 Plan.

The necessity for its renewal is not stated anywhere. The amount of the estimate is raised from Rs. 4,700 to Rs. 5,250

owing to a mistake in not bringing in the abstract estimate the whole number of tunnels shown in the detailed estimate as required.

2. As it is not accompanied by a survey and levels it is not possible for this office to judge whether sufficient water-way and foundation are allowed to masonry works or not, but it is presumed that the Local Fund Engineer would have examined and satisfied himself.

3. It is proposed to make the road five yards wide with side slopes of 2 to 1, raising with earth where necessary, and sectioning where raising is not required. A coat of sand, one-eighth yard thick to a breadth of three yards, is proposed to be spread over the whole length of the road.

4. The rates are fair and the estimate is recommended for sanction.

TRICHINOPOLY,
17th October 1883.

(Signed) H. R. MEAD, Lieut.-Col., R.E.,
Superintending Engineer, Sixth Circle.

Note by the Chief Engineer, Public Works Department.

Submitted for the sanction of Government.

2. The width of embanked roadway being 15 feet, the arrangement of wings of bridge as designed appears unsuitable.

25th October 1883.

(Signed) J. SHAW-STEWART, Colonel, R.E.,
Chief Engineer, P.W.D.

ORDER—dated 31st October 1883, No. 3094 W., Public Works.

The estimate, amounting to Rs. 5,250 for constructing a village road from Vadarungam to Mathalur and Kunnam, in the Negapatam Circle, is sanctioned.

31st OCTOBER 1883, No. 3094 W., PUBLIC WORKS.

2. The attention of the Local Fund Board should be called to the Chief Engineer's remarks above recorded.

3. This sanction has been registered as Local No. 41 W. of 1883-84.

Don't know
what to do
about it

T.
What is the width of roadway
of the bridge? As
22/10

Dy. St.

The width of roadway
is 17 feet between parapets
over arch.

22/10/83
T.
When it stated a chain that
the road is 15 ft. wide. I cannot
trace the width my chain, and if the
width of top of embankment is 15 ft.
the length of wings of bridge is necessary.
The specification for construction is
incomplete.

Dy. St.

Current No. 9/25

Letter No. 425 TJ

Dated the 14th Decr/83

From the Super. Engr. 6th Circle

NOTE OF REMARKS.

1. The accompanying plans and estimate provide for the re-formation of a village road from Sadarangam to Northaloor and Chumman. Estimated cost is Rs. 5,250.
2. From such information as has been submitted it may be learnt the entire width of road is 15 feet when properly sectioned. The center 9 ft. to be sanded to a depth of 4 1/2 inches. For a 1 ft. tunnel, one 4 ft. tunnel and a bridge of one arch of 20 feet span have been provided. Neither survey nor levels accompany the estimate. Possibly, considering the nature of the work, they were deemed unnecessary.
3. Plan and estimate have been countersigned by the President of the L. & P. Board.
