READ—the following letter from F. N. THOROWGOOD, Esq., M. INST., C.E., Superintendent, Madras Harbour Works, to the Secretary to Government, Public Works Department, dated Madras, 15th October 1883, No. 29 W.:—

I have the honor to forward, herewith, a plan which I hoped to have been able to despatch with my report of the works up to 30th September (letter No. 25 W. of 3rd October 1883).

2. The delay in preparing the plan has been quite unavoidable, as I have only one surveyor, and he has much other work to do connected with the land to the north of the harbour.

3. The only point of interest in the plan is the line of high-water, showing the encroachment to the north and advance of the shore to the south, outside the harbour, since February 1883; also the cutting away near the north pier and filling in at the south pier, inside the harbour.

4. I have made no reference to the plan in my report, as I foresaw that it was probable that the surveyor could not get the whole coast line surveyed in time for despatch with the letter. But I think it quite possible that, even taken by itself, the plan may prove of interest.

5. The land colored green is acquired by Government on account of the harbour works.

ORDER—dated 5th November 1883, No. 3127 W., Public Works.

MADRAS, 15th October 1883.

Sir I have the honour to forward
herewith a plan which I hoped to have
been able to despatch with my report of
the works up to September 30th (letter No. 25 W
of 3rd October 1883).

2 The delay in preparing the plan
has been quite unavoidable as I have
only one Surveyor and he has much
other work to do connected with the land
to the North of the Harbour.

3 The only point of interest in the plan
is the line of High water, showing the encroach-
ment to the North and advance of the shore
to the South outside the Harbour since February
1883. Also the cutting away near the North
Pier and filling in at the South Pier inside the
Harbour.

4 I have made no reference to the
plan in my report as I foresaw that it
