OCTOBER.

Pension.

Rejecting the application for — made in favor of the heirs of T Guruva Rajah, and calling the attention of *all heads* of departments to certain rule of the code and to other facts stated within

15TH OCTOBER 1883, No 930, PENSION.

GOVERNMENT OF MADRAS

PENSION DEPARTMENT.

READ—the following papers —

From the Collector of Tanjore, dated 7th June 1883

ABSTRACT —Submitting application for pension on behalf of Tiruturaipundi Guruva Rajah, late peon, Tiruturaipundi taluk, Tanjore

Certificate and report from the Accountant-General, to the Acting Under Secretary to Government, Pension department, dated Fort St George, 15th September 1883, No A D J -225

Certified that should Government, with reference to the explanation furnished by the Collector in his reply to this office reference, No A D K -61, dated 11th July 1883, be pleased to regard the applicant's transfer from an appointment on a permanent establishment to one on a temporary establishment as an interruption in service reconcilable under exception (e), section 96, of the Civil Pension Code, qualifying service in inferior grades will be duly proved for thirty-one years eight months and twenty-six days, but that no pension will be admissible, as his incapacity for further service has not been established by a medical certificate, as required by section 102 of the Civil Pension Code

2 On inquiry the Collector, in his reply to the reference quoted above, states that the applicant was allowed to retire before he was certified by a medical officer to be unfit for further service, and when the matter was noticed in his office, he called for an explanation from the tahsildar, but that in the mean time it was reported to him that the applicant died, and he considered therefore that all further exertions were unnecessary

3 The delay in the submission of this application is explained by the Collector in his memorandum, dated 7th June 1883

ORDER—dated 15th October 1883, No 930, Pension

The applicant, a peon, asked to be relieved of his appointment in favor of his son. He was accordingly relieved on the 17th December 1882, and his son appointed in his stead

2 The Collector observing that no medical certificate had been obtained, though the applicant was under 60 years of age, called for one, but before it could be submitted, the applicant died on the 8th April 1883

3 Under these circumstances this application for pension from the 17th December 1882 to 8th April 1883, made in favor of his heirs, must be rejected.

4 The attention of all heads of departments is called to the rule requiring a medical certificate from all inferior servants who are under 60 years of age and have not completed 30 years' service, and to the consequences of their accepting the resignation of a subordinate prior to his incapacity having been established by a medical certificate

READ—the following papers —

From the Collector of Tanjore, dated 7th June 1883

ABSTRACT —Submitting application for pension on behalf of Tiruturaipundi Guruva Rajah, late peon, Tiruturaipundi taluk, Tanjore

Certificate and report from the Accountant-General, to the Acting Under Secretary to Government, Pension department, dated Fort St George, 15th September 1883, No A D J -225

Certified that should Government, with reference to the explanation furnished by the Collector in his reply to this office reference, No A D K -61, dated 11th July 1883, be pleased to regard the applicant's transfer from an appointment on a permanent establishment to one on a temporary establishment as an interruption in service reconcileable under exception (e), section 96, of the Civil Pension Code, qualifying service in inferior grades will be duly proved for thirty-one years eight months and twenty-six days, but that no pension will be admissible, as his incapacity for further service has not been established by a medical certificate, as required by section 102 of the Civil Pension Code

2 On inquiry the Collector, in his reply to the reference quoted above, states that the applicant was allowed to retire before he was certified by a medical officer to be unfit for further service, and when the matter was noticed in his office, he called for an explanation from the tahsildar, but that in the mean time it was reported to him that the applicant died, and he considered therefore that all further exertions were unnecessary

3 The delay in the submission of this application is explained by the Collector in his memorandum, dated 7th June 1883

ORDER—dated 15th October 1883, No 930, Pension

The applicant, a peon, asked to be relieved of his appointment in favor of his son. He was accordingly relieved on the 17th December 1882, and his son appointed in his stead

2 The Collector observing that no medical certificate had been obtained, though the applicant was under 60 years of age, called for one, but before it could be submitted, the applicant died on the 8th April 1883

3 Under these circumstances this application for pension from the 17th December 1882 to 8th April 1883, made in favor of his heirs, must be rejected

4 The attention of all heads of departments is called to the rule requiring a medical certificate from all inferior servants who are under 60 years of age and have not completed 30 years' service, and to the consequences of their accepting the resignation of a subordinate prior to his incapacity having been established by a medical certificate.

From the Collector of Tanjore, dated 7th June 1883

ABSTRACT — Submitting application for pension on behalf of Tiruturaipundi Guruya Rajah, late peon, Tiruturaipundi taluk, Tanjore

Certificate and report from the Accountant-General, to the Acting Under Secretary to Government, Pension department, dated Fort St George, 15th September 1883, No A D J -225

Certified that should Government, with reference to the explanation furnished by the Collector in his reply to this office reference, No A D K -61, dated 11th July 1883, be pleased to regard the applicant's transfer from an appointment on a permanent establishment to one on a temporary establishment as an interruption in service reconcileable under exception (e), section 96, of the Civil Pension Code, qualifying service in inferior grades will be duly proved for thirty-one years eight months and twenty-six days, but that no pension will be admissible, as his incapacity for further service has not been established by a medical certificate, as required by section 102 of the Civil Pension Code

2 On inquiry the Collector, in his reply to the reference quoted above, states that the applicant was allowed to retire before he was certified by a medical officer to be unfit for further service, and when the matter was noticed in his office, he called for an explanation from the tahsildar, but that in the mean time it was reported to him that the applicant died, and he considered therefore that all further exertions were unnecessary

3 The delay in the submission of this application is explained by the Collector in his memorandum, dated 7th June 1883

ORDER—dated 15th October 1883, No 930, Pension

The applicant, a peon, asked to be relieved of his appointment in favor of his son. He was accordingly relieved on the 17th December 1882, and his son appointed in his stead

2 The Collector observing that no medical certificate had been obtained, though the applicant was under 60 years of age, called for one, but before it could be submitted, the applicant died on the 8th April 1883

3 Under these circumstances this application for pension from the 17th December 1882 to 8th April 1883, made in favor of his heirs, must be rejected.

4 The attention of all heads of departments is called to the rule requiring a medical certificate from all inferior servants who are under 60 years of age and have not completed 30 years' service, and to the consequences of their accepting the resignation of a subordinate prior to his incapacity having been established by a medical certificate
