2 *Regular Estimate for 1882-83*—The Demand, Collection, and Balance Statement of Land-cess submitted with the regular estimate should show the period over which the arrears extend. As regards the unsatisfactory state of the Land-cess collections, the Government trust that the steps reported to have been taken by the President will effect a marked improvement.

3 *Budget Estimate for 1883-84*—In the estimate of receipts for 1883-84, the item "Fees in Schools" will be reduced to Rs 1,750 with reference to paragraph 3 of the Board's Proceedings, dated 30th March 1883, No 898. The Land-cess estimate is, as observed by the Board, "exceedingly low," and might well have been raised to at least 75 per cent of the total demand. In the absence of any reason to the contrary, the Board are authorized to raise it accordingly.

4. Under Grant I, no provision is made for new works, but proposals for utilizing the large road fund balance are promised. The provision for Engineering establishment will be raised by Rs 270,*

* For nine months

with reference to G O, dated 20th June 1883, No 1233, Miscellaneous. The enhanced allotment for education is satisfactory. As regards the contribution to the Adoni Municipality on account of the

hospital, it is observed that Rs 600 are provided, whereas only Rs 550 are taken credit for in the Adoni Municipal budget for 1883-84. The other items of expenditure call for no remark.

5 With these remarks, the Right Honorable the Governor in Council passes the budget estimates of the Bellary Local Fund Circle for 1883-84.

RESOLUTION—dated 6th October 1883, No 3001

The Local Fund budget estimate of the Bellary Circle for 1883-84 is herewith circulated to all officers concerned.

2 *Paragraph 3 of the Government Order*—In his report for 1882-83, the President states that a good deal of the old arrears is irrecoverable, being due on service inams and on lands bought in by Government in the absence of bidders. It is also observed that the arrear demand at the commencement of the current year was only Rs 93,566, against Rs 1,16,733 anticipated in the budget, and, according to the demand, collection, and balance statement for July last, only Rs 11,072 of the arrears have been collected in the first four months of the year. The Board would, therefore, adopt the Collector's estimate of arrear collections, viz, Rs 50,000, and raise the current collections to 75 per cent of the demand as directed by Government. The land-cess estimate would then be Rs 1,37,000.

2 *Regular Estimate for 1882-83*—The Demand, Collection, and Balance Statement of Land-cess submitted with the regular estimate should show the period over which the arrears extend. As regards the unsatisfactory state of the Land-cess collections, the Government trust that the steps reported to have been taken by the President will effect a marked improvement.

3 *Budget Estimate for 1883-84*—In the estimate of receipts for 1883-84, the item "Fees in Schools" will be reduced to Rs 1,750 with reference to paragraph 3 of the Board's Proceedings, dated 30th March 1883, No 898. The Land-cess estimate is, as observed by the Board, "exceedingly low," and might well have been raised to at least 75 per cent of the total demand. In the absence of any reason to the contrary, the Board are authorized to raise it accordingly.

4 Under Grant I, no provision is made for new works, but proposals for utilizing the large road fund balance are promised. The provision for Engineering establishment will be raised by Rs 270,*

* For nine months

with reference to G O, dated 20th June 1883, No 1233, Miscellaneous. The enhanced allotment for education is satisfactory. As regards the contribution to the Adoni Municipality on account of the

hospital, it is observed that Rs 600 are provided, whereas only Rs 550 are taken credit for in the Adoni Municipal budget for 1883-84. The other items of expenditure call for no remark.

5 With these remarks, the Right Honorable the Governor in Council passes the budget estimates of the Bellary Local Fund Circle for 1883-84.

RESOLUTION—dated 6th October 1883, No 3001

The Local Fund budget estimate of the Bellary Circle for 1883-84 is herewith circulated to all officers concerned.

2 *Paragraph 3 of the Government Order*—In his report for 1882-83, the President states that a good deal of the old arrears is irrecoverable, being due on service inams and on lands bought in by Government in the absence of bidders. It is also observed that the arrear demand at the commencement of the current year was only Rs 93,566, against Rs 1,16,733 anticipated in the budget, and, according to the demand, collection, and balance statement for July last, only Rs 11,072 of the arrears have been collected in the first four months of the year. The Board would, therefore, adopt the Collector's estimate of arrear collections, viz, Rs 50,000, and raise the current collections to 75 per cent of the demand as directed by Government. The land-cess estimate would then be Rs 1,37,000.
