Civil Works.

READ—the following paper:—

No. 1448 T.J.

Report by the Superintending Engineer, Sixth Circle, on estimate for extending the Executive Engineer's office, Negapatam, estimate Rs. 6,500.

The Negapatam division office, consisting of four small rooms, each 15 feet square, is far too small for the present establishment, which consists of an Executive Engineer, two draftsmen, and six clerks; accommodation has also to be provided

- 1 Estimate.
- 2 Abstract estimates.
- 1 Plan.

for two upper subordinates and their establishments, records, and stores.

The Executive Engineer's proposal is considered moderate, and it is highly advisable that proper accommodation should be provided for the Negapatam division as soon as possible.

The estimate, amounting to Rs. 6,500, is recommended for sanction, and it is requested that funds for the work may be given.

If Rs. 2,000 is given this financial year and the balance next, the work could be completed by the 31st July, and the Negapatam office be properly provided for by that time.

TRICHINOPOLY,
19th October 1883.

(Signed) H. R. MEAD, Lieut.-Colonel, R.E.,
Superintending Engineer, Sixth Circle.

ORDER—dated 12th November 1883, No. 3194 W., Public Works.

The estimate, amounting to Rs. 6,500, for additions to the office of the Executive Engineer, Negapatam division, is sanctioned for execution when funds are available.

2. This sanction has been registered as Provincial No. 152 W. of 1883-84 and classified as Civil Buildings, Original Works.

NOVEMBER.

Negapatam Divisional Office

An estimate for additions to the —, sanctioned.

T. I agree that the woodwork is as a rule over estimated. The 3 girders are allowed I presume in order to distribute the weight. I must myself have adopted 2 under the circumstances. I must prefer also a good beam to the two designed for the upstairs part rooms. The beams might only be used in sections, but I think as in whole the estimate & design which has been so well prepared may stand —
Sanction.

NOTE OF REMARKS.

1. The accompanying estimate and plan provide for the extension of the En. Engr's office at Negapatam. The estimated cost is Rs. 6,500.
2. The present office does not afford sufficient accommodation to the existing establishment, which necessitates the present estimate to enlarge the building.
3. The design now sent appears to answer the purpose but some economy might be exercised with regard to timber. There appears to be no necessity to employ 3 beams to the sub-divisional office — 1 beam would serve the purpose. The beams are sectioned 7" x 9" while 5 1/2" x 8 1/2" would be correct. Subject to approval, would not a beam of proper sectioning better accomplish

The object in view in the
use of the truss A?
Palmyra's rafters and
keepers are to be employed.
4. The Supg. Engr approves
the design.
