12TH NOVEMBER 1883, No. 3200 W., PUBLIC WORKS.

3200/1

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers :—

Proceedings of the Board of Revenue, dated 5th November 1883, Mis. No. 9100.

Read—the following letter from J. B. PENNINGTON, Esq., President, Local Fund Board, Tanjore, to the Secretary to the Board of Revenue, dated 17th October 1883, No. 2068 :—

With reference to the Proceedings of the Board of Revenue, No. 5121, dated 19th June 1883, communicating G.O., No. 1537 W., of the 2nd June 1883, I have the honor to forward, herewith, the explanation of the Local Fund Engineer, Negapatam Circle, No. 2193, of the 20th July last, which was approved by the Negapatam Board.

2. Copy of their resolution is enclosed.

ENCLOSURES.

From R. C. SYSON, Esq., Local Fund Engineer, to the President, Local Fund Board, Tanjore, dated Anaikára Chattram, 20th July 1883, No. 2193.

In continuation of this office No. 2115, dated 18th instant, I have the honor to inform you that I have gone over the line of the works referred to in G.O., No. 1537 W., Public Works, dated 2nd June 1883, forwarded with your endorsement, No. 1319, of 2nd July 1883, and beg to report as follows :—

I am quite satisfied that the routes of the two roads are the best that could have been selected, and that sufficient waterway has been provided. The masonry works appear suitable to the sites, but should additional foundation be required for the heavier masonry, this can be provided from the sundries of each item. As to providing aprons to the small tunnels, I have already, in this office letter, No. 1876, dated 22nd ultimo, given my opinion, and see no reason to alter it. It may be advisable for the bridges, but for the tunnels under 6 feet it appears to me needless expenditure.

2. The estimate for bridge and 2-vent tunnels have been reduced Rs. 670 and Rs. 485 (*Sic*) respectively by curtailing the length of the wing-walls as suggested.

3. The sum included for compensation is not compensation for land occupied, but for earth excavated from nunjah land for road formation. This has had to be provided on account of the mirasidars in Máyavaram and Shiyáli taluks refusing to permit earth to be excavated from their lands without payment, and it may or may not be required. It is based on a valuation made by the Revenue authorities.

Extract from the Proceedings of the Local Fund Board of the Negapatam Circle, dated 26th September 1883.

14. Read President's foot-note, No. 1550, of the 11th August 1883, forwarding letter from the Local Fund Engineer furnishing certain information called for in the G.O., No. 1537 W., of the 2nd June 1883, sanctioning estimates for constructing roads from Velur to Tennalgudi and from Nallur to Road No. 68 in Shiyáli taluk.

The Board approve of the explanation of the Local Fund Engineer on the several points noticed in the Government Order, and order it to be submitted to the Board of Revenue.
