GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, Sixth Circle, to the Chief Engineer, Public Works Department, dated Trichinopoly, 25th October 1883, No. 365 M.D. :—

I regret much to find that I have not, as ordered in paragraph 2 of G.O., No. 2923 W., dated 6th November 1882, submitted my views on paragraph 5 of the Examiner's notes of inspection of the Madura division office. The order was received in this office in November, but, as I wished to inspect the work and accounts before reporting, it was put on one side and, I regret to say, forgotten.

2. It is most certainly simply impossible ever to distribute the outlay previous to November 1881 over sub-heads except approximately, and doing so would be of little or no practical advantage. The subsequent outlay has been and is recorded by sub-heads, and this of course will continue to be done. As this is the case, the Examiner's proposal is good and practicable, and I recommend its being adopted.

ORDER—dated 12th November 1883, No. 3204 W., Public Works.

The recommendation made by the Examiner, Public Works Accounts, in paragraph 5 of his inspection notes, recorded in Proceedings of Government, No. 2923 W., dated 6th November 1882, with respect to the audit of outlay on Tirumala Naick's palace is approved and sanctioned.
