GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following letter from Colonel J. BEATTY, R.E., Superintending Engineer, Fourth Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 6th November 1883, No. 486:—

I have the honor to forward, for your information, correspondence regarding the proposed residence of the Head Assistant Collector at Polláchi, and to request that, if it be decided to put the work in hand at once, provision may be made for it also in the budget of 1884-85, which, I presume, has not yet been submitted to the Government of India.

Executive Engineer's endorsement, No. 908, of 3rd November 1883.

2. If the work be sanctioned at once for execution, the funds which can be surrendered * in South Canara will be available to commence it.

* *Vide* Executive Engineer's endorsement, No. 908, dated 3rd November 1883.

ENCLOSURE.

From G. D. LEMAN, Esq., Collector of Coimbatore, to the Acting Secretary to the Board of Revenue, dated Coimbatore, 31st October 1883, No. 297.

The Board are aware that an estimate, amounting to Rs. 10,580, for constructing a residence for the Head Assistant Collector at Polláchi, has been sanctioned in G.O., No. 4761 W., dated 14th December 1878, communicated with Board's Proceedings, Miscellaneous No. 398, of 17th January 1879, but that it has not been put in hand for want of an allotment of funds.

2. The sanctioned estimate has been year after year repeated in the Public Works Department Budget,* Class B, *i.e.*, as a work for which there was no pressing need.

* Provincial services.

3. It was believed that some territorial changes in the district were imminent and that these, if made, might render it necessary to move the Head Assistant Collector from Polláchi.

4. In these circumstances it was recommended by Mr. Wilson, and the recommendation was endorsed by the Board, that the London Mission bungalow at Polláchi should be rented as a residence and office for the Head Assistant Collector; and the proposal was sanctioned by Government (*vide* G.O., No. 726, dated 24th June 1880, communicated with Board's Proceedings, No. 7624, of 12th July).

5. This bungalow is a most uncomfortable place, badly planned, in bad repair, and in parts now dangerous.

6. I believe that no changes are likely to take place which will tend to make Polláchi less suitable than now for the permanent head-quarters of the Head Assistant; and Mr. Davidson, the Executive Engineer, tells me that he can spare what is necessary this year from the sanctioned allotments for other works.

7. I have therefore the honor to request that the Board will move the Government to sanction the commencement of the work at once and to make an allotment of the requisite funds.

8. I have sent a copy of this letter to Mr. Davidson with a request that he will inform the office of the Secretary, Public Works Department, of the funds he can spare.

No. 107.

Communicated to the Executive Engineer, Coimbatore division. with the request that he will, at an early date, inform the office of the Secretary, Public Works Department, of the funds he can spare for the purpose.
