3RD JULY 1883, No. 1847 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers:—

From Colonel H. D. CLOETE, Inspector-General of Police, to the Secretary to Government, Public Works Department, dated Madras, 28th May 1883, No. 2668.

In accordance with G.O., No. 261 W., dated 23rd January 1883, Public Works Department, I have the honor to forward, for the approval of Government, the accompanying list (A) of sanctioned works (costing each more than Rs. 1,000 and less than Rs. 2,500) which it is proposed to carry out by the agency of the Public Works Department from their budget allotment (Rs. 10,000) during the current official year.

2. It will be seen that the total cost of the most urgent requirements rises to Rs. 14,199, or Rs. 4,199 beyond the allotment, and, should no supplemental grant be available to meet this excess, I would propose to include the items composing it in

* Due in April 1884.

the list of Incomplete Public Works Department Works * as detailed in the Remark Column of the Statement A. The four station-houses shown in the list have been completely provided for, and the disparity between the entire cost of the proposed operations and the funds at present available for them will have the sole effect of deferring the construction of some of the huts, and need not result in the more important structures being left exposed in an unfinished state until the receipt of funds in the following year. I request, therefore, should this arrangement be accepted, that sanction may be accorded for the inclusion, in the statement of Incomplete Public Works Department Works for 1884-85, of the balances required for the completion of the blocks of huts.

3. I beg to forward also a statement marked B, containing a list of sanctioned works, amounting in the aggregate to Rs. 19,912, for which (although they fall but little behind the others in point of urgency) no appropriation of funds has been found possible this year. Under the circumstances detailed, perhaps, it might not be considered inexpedient that the sum usually allotted to this department in the Public Works Department budget may, for 1884-85, as a special case, be considerably increased, if not doubled, in order to enable us to keep pace with our present requirements.

From Major C. BOWEN, R.E., Deputy Chief Engineer, Public Works Department, to the Inspector-General of Police, dated 31st May 1883, No. 1039 C.

With reference to Statement A which accompanied your No. 2668 of the 29th instant, I have the honor to observe that, with the exception of two works, Nos. 5 and 9, the works entered are all new works; and since there are some eight works incomplete at the close of 1882-83, and which require funds to complete them, I enclose, for your information, a statement, drawn up from the returns furnished by the Superintending Engineers, and request you will be so good as to note in column 2 the grants which you would assign for 1883-84 towards their completion.

2. There are no funds at present under reserve with Government which can be allotted for the several incomplete works of last year, and funds for their completion must come out of the Rs. 10,000 provided for Police buildings costing above Rs. 1,000 and under Rs. 2,000 each, in the Provincial Budget, Item No. 47.

3. When funds are limited, as they are, it is, as a rule, desirable to complete all unfinished works before assigning the amounts available to altogether new works.

From Colonel H. D. CLOETE, Inspector-General of Police, to the Deputy Chief Engineer, Public Works Department, dated Madras, 13th June 1883, No. 3034.

As desired in your letter, No. 1039 C., dated 31st ultimo, the enclosure of which I herewith return, I have the honor to forward a revised list for the appropriation of the Public Works Department budget allotment for Police works (costing more than Rs. 1,000 and less than Rs. 2,500 each).

2. Two sums of Rs. 164 and 253 are required respectively for the completion of the well in the compound of the Assistant Superintendent's house at Tirukoilúr (Item No. 7 in your statement) and the Lapatchy station-house, Anantapur District, (not in the statement). The cost of each of these items being less than Rs. 500, no specific appropriation is necessary. These amounts, therefore, are not debited against the Public Works Department allotment.

3. The Superintendent of Police, Godáviri, reports that the Superintending Engineer, First Circle, requires a sum of Rs. 3,110 during the current official year in order to complete the Police Headquarter Office at Rajahmundry (revised estimate Rs. 16,060, G.O., No. 1778 W., dated 13th July 1882, Public Works Department). This being a Major Police Work, the Public Works Department should have secured a *separate* provision for it in their budget for 1883-84, and as no portion of the allotment under reference is available for the purpose, the work, though an incomplete one, has been omitted from the revised list.

4. It will be seen by a reference to my lists A and B, now before Government, that sanctioned estimates for new works, amounting in the aggregate to Rs. 29,434, must, under the present arrangement, stand over *sine die* for want of funds. It seems to me therefore expedient, under the circumstances, to discontinue the submission, for Government sanction, of estimates for similar buildings until the present sanctioned estimates are worked off. I may remark that, according to the existing rate of the annual grant for the class of buildings under consideration, it will take three years to do this, unless a special allotment be added in the Public Works Department budget for next year.

5. Regarding the construction of the Assistant Superintendent's Office at Tirukoilúr (Item No. 9 in your statement), for which only Rs. 1,101 have been apportioned from the Public Works Department allotment of Rs. 10,000 (leaving a balance of Rs. 1,254 still to be provided), I beg to invite attention to G.Os., Nos. 435, dated 9th June 1882, Judicial Department, and 578 N., dated 27th June 1882, Financial Department, from which it will be seen that the old office of the Assistant Superintendent of Police was transferred to the Registration Department at a valuation of Rs. 1,254, a sum which, I submit, represents a distinct item to our credit, and which I request may be placed at our disposal in order that it may be employed as a supplementary resource for the work in question.

ORDER—dated 3rd July 1883, No. 1847 W., Public Works.

The accompanying statement, prepared in the Public Works Secretariat, of sanctioned Police works, costing above Rs. 1,000 and under Rs. 2,500 each, includes the incomplete works at the close of March 1883 requiring funds for their completion. The grant of Rs. 10,000 in the Provincial Budget for 1883-84, Item No. 47, has been appropriated to the works brought forward by the Inspector-General in the statement submitted with his letter, No. 3034, of the 13th June 1883.

2. The grant required to complete the Police Headquarter Office at Rajahmundry, viz., Rs. 3,110, was appropriated in G.O., No. 1641 W., dated 12th June 1883.

3. The Inspector-General of Police is mistaken in supposing that the Police building at Tirukoilúr, in the South Arcot District, was transferred to the Registration Department at a valuation. Paragraph 2 of G.O., No. 435, Judicial, of the 9th June 1882, was cancelled by Financial G.O., No. 578 N., dated 27th June 1882, and the

provision of funds for the construction of an office for the Assistant Superintendent of Police at that station was left to the Public Works Department. The sum of Rs. 1,254, which will be required for the completion of the building in addition to the grant now made, will, if possible, be allotted later in the year on application to be made by the Superintending Engineer.

4. Referring to paragraph 4 of the Inspector-General's letter, No. 3034, dated 13th June 1883, the allotment for Police buildings, costing above Rs. 1,000 and under Rs. 2,500 each, will be increased to Rs. 15,000 in the Provincial Budget for 1884-85, if sufficient funds be available.

SUPG. ENGINEER'S OFFICE 4TH CIRCLE,

Bombay 10th November 1883.

No. 500

From,

The Superintending Engineer,

Fourth Circle.

To,

The Chief Engineer
P.W. Department

Sir,

With reference to your Memorandum No 2129C of 5th November, I have the honor to state that the grant for the survey establishment for investigating city drainage and water supply will be utilized in the current year.

2. There is at present no probability of expenditure in the current year on the Church at Wellington as the estimate for that work has not yet been sanctioned. It is understood that the plan and estimate for this work are being prepared by the consulting architect.

3 The grants in question were made in
G.O. No 2532 of 10th September 1883 (received
in this office on the 20th idem) and
before it was communicated to the
Division officer, he had sent his state-
ments of approximate outlay. Hence
the non-entry in the statement of
this office.

I have the honor to be

Sir

Your most obed^t Servant.

The C. in C. is I believe anxious
that the Church at Wellington
should be put in hand & pushed
on with. Suffering fr. of S. to sanction
it before end of month there would
be 4 months of year left in which
surely a good deal might be
done - so it strikes me.

Can you tell me if the circumstances
of the place are such that
nothing can be done in this
period? -
