Sir,

Referring to your endorsement
No 316 W. & dated the 16th instant calling on
me to explain the reason for deferring a
portion of the payment to next year when
the Taluk Cutcherry at Parvatipore will be
completed within the current Official
year, I have the honor to inform you, that
the payment of compensation for land,
for which there is a provision of Rs 623
in the Estimate was proposed to be deferred
till the next Official year as it is not
yet known whether the amount has to
be paid or not. The Collector of Vizaga-
patam had written to say that money
compensation will probably be unnecessary
for the land taken up, the Zemindar having

desired, that his peishchush be reduced
by an amount equal to the assessment of the
land taken up in lieu of the money com-
pensation and that the sanction of the
Board of Revenue had been applied for, for
the reduction of the peishchush. It is not
very likely that the amount will be required
for payment but the Collector has been
addressed to know how the matter has
been finally disposed of.

2. A saving of Rupees 220 was
expected in the items of Petty supervision
and contingencies in the Estimates and
hence an application submitted for
only Rs. 2000 leaving a balance of Rs. 892
as accounted for above to be adjusted if
necessary in the next Official year.

Please the honor to be
