PUBLIC WORKS DEPARTMENT.

GENERAL BRANCH.

48. Civil Buildings, Roads and Services, Provincial.

Memorandum on the Finance Accounts for the year 1882-83.

The Annual Finance Accounts of Provincial Services include the following statements and schedules which accompany the memorandum :—

1. Part I. Account of Appropriations.
2. ,, II. Detail of Additional Grants and Reductions.
3. ,, III. Schedule of Expenditure, Original Works.
4. ,, IV. Do. do. Repairs.
5. ,, V. Do. do. on Establishment charges.
6. Abstract of Establishment charges.
7. Part VI. Schedule of Expenditure on Tools and Plant.
8. Statement of Expenditure on Churches and Cemeteries.
9. Do. do. by the Public Works Department and Civil Officers.
10. Statement of Original Works costing above Rs. 2,500 each completed during the year.
11. Statement of Provincial Revenue.
12. Do. of debits to profit and Loss.

2. The grant originally assigned in the Provincial Budget amounted to Rs. 22,11,216. This amount was reduced during the year to Rs. 21,29,000, and in determining the amount of the revised estimate near the close of the year a further reduction of Rs. 6,00,000 was made, so that the final grant or revised estimate amounted to Rs. 15,29,000. The surrender of Rs. 6,00,000 from the Provincial grant, owing to the emergency of the demand, was made by the Local Government in lump sum without any reference to details ; so that under instructions from the Accountant-General, Public Works Department, the surrender has been exhibited as a lump sum deduction from the total grant admitting of comparison of outlay with revised estimate only in total. The following statement shows under Departmental and Service Heads the budget grant, the modified grant, and the revised estimate in total :—

3. The particulars of the difference between the budget grant and modified grant under Departmental and Service Heads are given in Part II, the difference between the modified grant and revised estimate being the surrender of Rs. 6,00,000 in total referred to in the preceding paragraph.

4. The manner in which the grant varied during the year is shown in the following table :—

5. The outlay in the year under Provincial amounted to Rs. 17,16,767. This amount was in excess of the revised estimate by Rs. 1,87,767 and short of the modified grant by Rs. 4,12,233. The excess over the revised estimate is due to the surrender of the six lakhs already referred to having subsequently proved to be more than could be spared. For the reason explained in paragraph 2, the following statement shows comparison of outlay under Departmental and Service Heads, with the modified grants under those heads, and from which it will be observed that the ~~short outlay of Rs. 4,12,233 over modified grant~~ may be traced chiefly to the Departmental Heads of Original Works, Tools and Plant and Suspense, explanation in respect to which has been given further on in this memorandum :—

6. The transactions of the year relating to Major Original Works differed from the budget programme in the following respects :—

Ten works, for which provision was made in the budget to the extent of Rs. 1,61,198, were not undertaken.

Forty-two works, for which provision was made in the budget to the extent of Rs. 6,02,786, were proceeded with during the year and outlay incurred thereon, amounting to Rs. 6,01,079.

Ninety-eight incomplete works of previous years and new works were undertaken during the year, eighty-eight of which were provided with grants amounting to Rs. 4,90,969. The outlay on the ninety-eight works was Rs. 4,52,166.

An analysis of the operations under Original Works is given below :—

	Civil Buildings.					
1	Taluk Cutcherry at Wálajápet.	18,200	16,000	14,628	1,372	The Executive Engineer reports that a sum of about Rs. 1,750 is due to the contractor; hence the short outlay.
3	Second-class Taluk Cutcherry at Tiruvádi.	11,000	10,010	7,301	2,709	The Executive Engineer reports that the measurement of all works done for this building was not received in time from the subordinate in charge of the work for payment before the end of March 1883.
21	Improvements to the Taluk Cutcherry at Udipi.	...	2,000	714	1,286	The Executive Engineer reports that the short outlay is due to contractor having failed completely in keeping his engagement, and also to the funds having been allotted very late.
23	Constructing office and quarters for Special Assistant Agent at Kunavaram.	6,000	6,000	4,413	1,587	The Executive Engineer reports that the balance of grant could not be spent owing to difficulty in obtaining labor.
24	Constructing a Taluk Cutcherry and out-houses at Bhadráchalam.	...	5,000	3,604	1,396	The Executive Engineer reports that the balance of grant could not be spent owing to difficulty in obtaining labor.

27	Deputy Tahsildar's Cutcherry at Omalúr.	...	9,637	9,089	548	The Executive Engineer reports that the work is completed, and that the saving is partly from contingencies and superintendence, and partly from the item of roofing.
37	Constructing a third-class Taluk Cutcherry at Párvatipur.	...	3,000	1,108	1,892	The Executive Engineer reports that the work was carried out slowly by the contractor, as the attention of the sub-divisional officer was in a great measure devoted to the works on the Potinghy ghât.
38	Third-class Taluk Cutcherry at Pentapad.	...	4,200	3,635	565	The Executive Engineer reports that owing to the non-receipt of all the wood-work ordered from the shops the outlay anticipated could not be incurred.
39	Third-class Taluk Cutcherry at Potavaram.	...	5,600	2,815	2,785	Do. do.
16	Additions and improvements to the Collector's Cutcherry at Ootacamund.	...	4,766	1,271	3,495	The Executive Engineer reports that the short outlay is due to delay on the part of the contractor.
14	Constructing Government House at Ootacamund.	34,572	1,33,761	1,10,677	23,084	The Executive Engineer explains the cause of the short outlay as follows:—Of the grant of Rs. 1,33,761, Rs. 45,372 only appertains to work to Government House; this has been nearly all spent. The remainder appertains to decoration and furniture for Government House, viz., Rs. 23,389 to decoration and Rs. 65,000 to furniture. These two items were not under control of this department. Out of the total grant of Rs. 88,389 on these accounts, bills were received only for Rs. 17,676, and these were paid and adjusted.

114	Proposed water-supply and improvements of the existing drainage of the Central Jail of Rajahmundry.	22,164	7,000	285	6,715	The Executive Engineer reports that the balance of grant could not be spent owing to failure of iron plates cast in workshop.
118	Converting the unused general latrine attached to the district jail for debtors, and constructing a bathing cistern in the enclosure at Calicut.	...	3,845	3,174	671	The Executive Engineer reports that saving is owing to failure of the contractor to keep up to time.
127	Constructing Police head-quarter office at Rajahmundry.	14,060	13,560	10,450	3,110	The Executive Engineer reports that the cause of this unspent balance is owing to delay on the part of the workshop, wood-work for roofing being not completed.
128	Constructing a new house and office for the Assistant Superintendent of Police at Jeypore.	4,925	1,925	430	1,495	The Executive Engineer reports that the short outlay is due to the work being located too far from the cart road, and to the difficulty in procuring sufficient labor
129	Constructing Police lines at the Párvatipur hill jail.	...	2,000	847	1,153	The Executive Engineer reports that owing to the site of the building being under cultivation the work was not commenced till the end of January 1883, and that every endeavour was made to get the work finished, but it was impossible to get a contractor who can command a sufficient supply of labor.
169	Completing the restoration of Tirumal Naick's Palace, Madura.	15,000	50,600	49,944	656	The Executive Engineer reports that short outlay was incurred on outlay on furniture by the Consulting Architect to Government.

Establishment.

The budget grant to meet the charge for establishment amounted to Rs. 7,59,666, which was subsequently reduced to Rs. 5,30,583 which constituted the final grant since it was unable to distribute the six lakhs surrendered to the Government of India already referred to. After distributing the total establishment charge, as per margin, under the service heads according to the prescribed percentage, the net debit to Provincial amounted to Rs. 5,23,909, or Rs. 6,674 short of the final grant of Rs. 5,30,583, a sum too trifling to be explained. The outlay on works and repairs under Provincial amounted to Rs. 13,19,184, and the charge to Provincial on account of establishment being Rs. 5,23,909, results in a percentage of Rs. 39·7 which the cost of establishment bears to the outlay on works and repairs. This small percentage may be explained as attributable to the large provision of grants for works and repairs under funds other than Provincial.

Tools and Plant.

The budget allotment for tools and plant under Provincial was Rs. 8,000 which was increased in the modified grant to Rs. 71,008, and which, for the reason assigned in the preceding paragraph, constituted the final grant. This amount entirely lapsed at the close of the year, since the transaction under tools and plant, Provincial, resulted in a minus entry of Rs. 69,491 as particularized in the margin. The lapse of grant in this case also may be explained as attributable to the large provision of grants for works and repairs under funds other than Provincial.

Profit and Loss.

The debit to profit and loss amounted to Rs. 85,420-2-3 and is much in excess of the amounts written off in the past three years. The bulk of the debit is made up of the two items, noted in the margin, written off on the orders of Government entered against them. The items comprising the entire debit are detailed in the statement which accompanies.

Rs. 22,760, loss by sale of stock materials in the Godávari Eastern Division, written off under G.O., No. 914 W., of 4th April 1881.

Rs. 60,494, loss on reduction of rates in store articles in the Public Works Stores in the Presidency, written of under G.O., No. 1029 W., of 4th April 1883.

Suspense.

The budget grant under this head was Rs. 7,300 which was subsequently increased to Rs. 9,970, constituting the final grant. The transactions resulted in a net credit of Rs. 1,42,255 as particularized in the margin. This large credit may be attributed chiefly to the credit of Rs. 1,50,655 under stock. All particulars under suspense will be duly noted in the analytical review.

Revenue.

The revised estimate on account of Provincial revenue for 1882-83 was Rs. 1,53,000 while from the statement of revenue, which accompanies, it will be observed that the receipts realized amounted to Rs. 72,836 which is much less than the estimate for the year and also than the realizations of previous years. This is owing solely to the small results of the presidency workshop, due to its more limited operations in the year under instructions from the Government.

Examiner, Public Works Accounts

The Original Budget Grant from Imperial Funds on account of Military and Other Services amounted to Rs 8,08,002 of which Rs 4,70,000 were allotted for Military and Rs 3,38,002 for Other Services. The total Budget Grant was subsequently reduced by Rs 50,837 the particulars of which are given in Part II having the Regular Estimate which corresponds with the Final Grant as Rs 7,57,165 of which Rs 4,87,000 were allotted for Military and Rs 2,70,165 to Other Services.

Though corresponding in total the Regular Estimate differed slightly from the Final Grant under certain Departmental and Service heads owing to the subsequent sanction of re-appropriations in the Final Grant. The following table shows these differences.

The outlay in the year under Imperial Military and other Services amounted to Rs 7,59,627 or Rs 2462 ~~short~~ in excess of the Regular Estimate or final Grant of Rs 7,57,165. The expenditure against the Military Grant of Rs 4,87,000 was Rs 4,90,435 and thus the outlay exceeded the Grant by Rs 3435 while that under Other Services amounted to Rupees 2,69,192 or Rs 973 short of the Grant of Rs 2,70,165. The net excess outlay accordingly amounted to Rs 2462. The excess over the Military Grant occurred principally under the head Repairs while the short outlay under Other Services may be traced chiefly to the heads Salt and Telegraph under Original works. It is however satisfactory to see that the Imperial Grant on the whole had been so well utilized as to result in an ~~short~~ excess outlay of only Rs 2462.

The following table compares the outlay with the Regular Estimate and Final Grant and shews the savings or excesses under departmental and service heads with

An appropriation of Rupees 10,000 from Imperial Funds was sanctioned by the Government of India in their Proceedings No. 99 A.B. dated the 23rd December 1881 for the Telegraph Office at Devalah. This amount was subsequently surrendered and an appropriation sanctioned from Provincial Funds in G. O. No. 704 W, dated the 17th March 1882, but the Imperial Grant was surrendered too late to be accepted by the Government of India, and therefore as shown in the above Statement the amount lapsed at the close of the year.

The Expenditure against the various subdivisions of Service heads under the Departmental head "Original Works" for the year under review as compared with the three preceeding years is detailed in the subjoined table.

statements printed in Proceedings of the Madras Government, No. 849 I., dated 9th December 1881.

Establishment.

The charge to Establishment of Rs 96161 under Military bears a proportion of 25 per cent on the outlay on works and Repairs. The outlay on works and Repairs under Other Services being less than Grant the percentage on account of the charge to Establishment was calculated on Grant and not on outlay which resulted in a sum of Rs 66275. The difference of Rs 1964 between this amount and the sum of Rs 64311. actually charged to Establishment represents the credit to that head on account of recoveries of advances made in England.

Tools and Plant.

The charge to Tools and Plant under Military is equivalent to the prescribed percentage on the outlay on Works and Repairs, while that under Other Services is in proportion to the Budget Grant for the reason assigned in the preceding para.

Revenue.

The receipts realized under Military amounted to Rs 46,836. This amount is much in excess of the Regular Estimate and is due chiefly to larger realizations under Rents of buildings and sales of old Materials and buildings. The receipts under Other Services amounting to Rs 9371 also exceed the Regular Estimate and is due to a larger

recovery of deferred fees from the Students of the Royal Indian Civil Engineering College.

Madras Harbour Works.

A budget assignment of Rs 3,78,247 was sanctioned by the Government of India for Expenditure on the Madras Harbour Works in 1881-82. This amount which was sanctioned under 38 Productive Public Works was increased during the year to Rs 726,069 the additional Grant of Rs 347822 having been sanctioned by the Government of India in their Proceedings noted in the margin.

Government of India Proceedings No 46 Mx dated 6 June 1881	Rs. 73,822
Government of India Proceedings No 59 Mx dated 3 August 1881	" 200,000
Government of India Proceedings No 339 Ag dated 29 September 1881	" 74,000
	347,822

The outlay on the Harbour Works amounted to Rs 689,060 and was distributed as follows:—

	Rs
Works	663,858
Establishment	71,084
Tools and Plant	54,817
Stock Purchases and Sales	739
Stock	- 95,477
Miscellaneous Advances	- 4,976
London Invoices	15,668
London Stores	- 16,653
	689,060

The outlay fell short of Grant by Rs 37,009 but the Grant appears to have been fairly utilized when considering the cessation from work and other results caused by the late accident to the Harbour Works.

pi in their Proceedings No 792 R.C. dated the
13th October 1881 in which sanction
to a Grant of Rs 15,000 was also
accorded under 32 State Railways.

Outlay to the extent of
Rs 15,885 was incurred on the Survey
of which Rs 15,497 were charged
to Preliminary Expenses and Rs 388
to Miscellaneous advances. The outlay
exceeded the Grant by Rs 885 which
was reported to the Local Government.
The excess chiefly fell under the head
Plant and represents extra cost incurred
in feeding Elephants.

The estimate for the Survey of the
South of India Railway Extension
from Tinnevelly to Quilon with a
branch to Trevandrum was sanctioned
by the Government of India in their
Proceedings No 807 RC dated the 15th
October 1881 and a Grant of Rs 8000 under
32 State Railways was sanctioned
for Expenditure in 1881-82 in their
Proceedings No 188 RA dated the 7th
March 1882. Against this Grant only
amounting to Rs 7878 was incurred
in the year of which Rs 7474 were
charged to Preliminary Expenses and
Rs 404 to Miscellaneous advances.

Establishment

The Budget Grant to meet the charge for Establishment amounted to Rs 7,59,866 which was subsequently reduced to Rs 5,30,583 which constituted the Final Grant since it was ~~was~~ ~~five lakhs surrendered to the government of India already referred to~~ ~~after distributing the total Establishment charge as per margin under the Service heads according to the prescribed percentage the net debit to Provincial accounted to Rs 5,23,909. or Rs 6674~~ ~~short of the Final Grant of Rs 5,30,583 a amount so trifling to be explained.~~ ~~The outlay on Works and Repairs under Provincial amounted to Rs 13,79,784 and the charge to Provincial on account of Establishment being Rs 5,23,909. results in a percentage of Rs 3907 which the cost of Establishment bears to the outlay on works and Repairs. This small percentage may be explained as attributable to the large provision of Grants for Works and Repairs under Funds other than Provincial.~~ unable to distribute

Tools and Plant

The Budget Allotment for Tools and Plant under Provincial was Rs 8,000 which was increased in the Modified Grant to Rs 7,008. and which for the reason assigned in the preceding para constituted the Final Grant. This amount entirely lapsed at the close of the year since the transaction under Tools and Plant Provincial resulted in a minus entry of Rs 69,491. as particularized in the margin. The lapse of grant in this case also may be explained as attributable to the large provision of grants for Works and Repairs under Funds other than Provincial.

Profit and Loss.

The debit to Profit and Loss amounted to Rs 85,420-2-3. and is much in excess of the amounts written off in the past three years. The bulk of the debit is made up of the two items noted in the margin written off

Rs.

on

Rs 22760- Loss by Sale of Stock materials in the Godavari Eastern Division written off under G. O. No 914 W. of 4th April 1881.

Rs 60,494- Loss on reduction of rates in Store articles in the P. W. Stores in the Presidency written off under G. O. No 1029 W of 4th April 1883.

on the Orders of Government entered against them. The items comprising the entire debit are detailed in the Statement which accompanies.

Suspense.

The Budget Grant under this head was Rs 7300. which was subsequently increased to Rs 9970. constituting the final grant. The transactions resulted in a net credit of 142,255 as particularized in the margin. This large credit may be attributed chiefly to the credit of Rs 150655. under Stock. All particulars under Suspense will be duly noted in the analytical Review.

Revenue.

The Gross Estimate on account of Provincial Revenue for 1882-83. was Rs 153,000 while from the

the Statement of revenue which accompanies it will be observed that the receipts realised amounted to Rs 72,836 which is much less than the estimate for the year and also than the realisations of previous years. This is owing solely to the small results of the Presidency Work Shop due to its more limited operations in the year under instructions from the Government.
