GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Civil Works.

READ—the following letter from J. P. DAVIDSON, Esq., Executive Engineer, Coimbatore Division, to the Superintending Engineer, Fourth Circle, dated Coimbatore, 16th November 1883, No. 1554:—

I have the honor to bring to your notice that the old district munsif's court at Kutanad, about 2 miles from Ponani, appears to have been handed over to this department, at the beginning of 1878, by the Judicial Department. The District Judge, South Malabar, having written to me to hand over the building again for the use of the district munsif, I instructed the sub-divisional officer, Calicut, to hand over the building. The sub-divisional officer now reports that the building is in total ruins; the roof of the main room has fallen in and the part standing, being also rotten, will soon follow, and it is not worth repairing. The building measures 50' x 35' as per sketch enclosed, and is of the old muster. The whole of the wood-work, including doors and windows, is more or less eaten up by white-ants and is not fit to be used on any new building. I have also ascertained from the heads of various Civil departments in Malabar that the building is not required by them. Their replies are enclosed, in original, for information.

2. As provision has been made for accommodation for the district munsif's court at Ponani in the public offices proposed to be built there, and the present building at Kutanad is not required, I have the honor to request you will obtain early orders of Government, under paragraph 1217 of the Public Works Code, to dismantle the building and sell the materials by public auction, the proceeds being credited to Provincial Revenue, Civil Buildings.

No. 526 W.

Endorsement on the above.

Copy forwarded to the Chief Engineer, Public Works Department, for sanction to dismantle the old district munsif's court at Kutanad, near Ponani, and sell the materials by public auction.
