3 The selection of the works under class A, and the amount of their allotments, have been settled in Committee, in accordance with the arrangements sanctioned in G O, No 2856 W, dated 11th October 1883. It has not been possible to allot funds to all works brought forward by Superintending Engineers. Those unprovided for have been shown under class B, and can again be brought forward during the year should funds hereafter become available

4 Provision has, in accordance with G O, No 3208 W, dated 12th November 1883, been made for incomplete educational works. It was not found possible, however, to allot funds for new works of this class

5 Rs 50,000 are provided for the road from Ootacamund to Gúdálúr, and Rs 10,000 for the road from Kótagiri to Mettupálaiyam. These grants will be expended by the Nilgiri Local Fund Board, as previously

6 The Superintending Engineers concerned will lose no time in submitting for the sanction of Government, plans and estimates for those works for which provision has been made for expenditure in 1884-85. Pending sanction to the estimates, no outlay should be incurred. It must also be understood that no expenditure is to be incurred on class B works without specific appropriation of funds, the amounts shown in the schedule being those applied for. They are not allotments.

7 Early application should be made for the temporary establishments required during 1884-85, and for funds required to meet the charges of the year, under this head, as well as for incomplete and minor works

8 With these remarks, the preliminary issue of the Provincial Budget Estimate for 1884-85 is circulated for the information and guidance of the officers of the department, and four copies are forwarded for the information of the Government of India
