Read—the following letter from Major S. C. CLARKE, R.E., Superintending Engineer, Third Circle, to the Chief Engineer, Public Works Department, dated Bellary, 24th April 1883, No. 267 :—

I have the honor to submit, for the sanction of Government, two estimates, aggregating Rs. 1,497, for a dummy covered cattle wagon and a high-sided open goods wagon for the Royal Artillery at Bellary.

2 Estimates.

2. The work was carried out on emergency on the authority given in G.O., No. 1716 W., dated 8th July 1882, but the final payment has not yet been made.

3. With reference to G.O., No. 815 W., dated 12th March 1883, calling for an explanation of the delay in the submission of the estimate, I beg to report that the estimate was framed in January and received in February from the Quartermaster-General, and subsequently certain information regarding the rates for woodwork had to be obtained before it could be finally submitted.

READ—the following paper:—

Proceedings of the Government of India in the Military Department, dated Simla, 10th May 1883, No. 195 S.C. (Transport—Railway).

Copy of a letter from the Officiating Quartermaster-General in India, to the Inspector-General of Military Works, dated 1st March 1883, No. 939 A.

I am directed to forward, for your information, the correspondence marginally noted, expressing the views of His Excellency the Commander-in-Chief, Madras, on certain dummy wagons erected in that Presidency. Sir Donald Stewart concurs generally with the remarks expressed in paragraphs 1 and 2 of Sir F. Roberts' remarks. It would seem, however, that the standard plans referred to in the correspondence are not those issued by order of the Government of India, as these were not prepared in January last (*vide* Quartermaster-General's No. 224 A., dated 16th January 1883, to Inspector-General of Military Works), so that the defects brought to notice by the Commander-in-Chief, Madras Army, may not exist in the dummy wagons that will be erected in this Presidency.

Government of India, Military Department, No. 90 C., dated 23rd January 1883, and enclosures (return requested).

2. I am to suggest that copies of the standard plans, when completed, should be furnished to the Madras and Bombay Governments, and to this department for despatch to the various commands in Bengal, and to the Quartermaster-General's Departments in Madras and Bombay. It was apparently contemplated in your No. 6533, dated 23rd November 1882, that the type of dummy wagon now under preparation under your orders was to be made applicable to India generally.

MEMORANDUM.

Submitted for the information of the Government of India with reference to Military Department No. 90 C., dated 23rd January 1883. The reply of the Inspector-General of Military Works to above letter will be duly communicated when received.

2. A standard plan of dummy wagon is now under preparation by the Inspector-General of Military Works, and the defects brought to notice by His Excellency the Commander-in-Chief, Madras Army, will no doubt be remedied therein.

READ—the following paper:—

Office Note from the Examiner of Public Works Accounts, dated Madras, 30th May 1883, No. 222.

With reference to the undermentioned sanctions for the construction of dummy wagons, I beg to invite your attention to paragraph 4 of Government of India (Military Department) letter, No. 303 S.C., dated 30th May 1882, printed with G.O., Military Department, No. 2735, dated 7th June 1882, and to inquire why the cost of constructing the wagons should not be borne by the Military Department:—

Imperial Ordinary No. 42 W. of 1882-83 (G.O., No. 407 W., dated 16th February 1883), for Rs. 965.
Imperial Ordinary No. 47 W. of 1882-83 (G.O., No. 752 W., dated 8th March 1883), for Rs. 2,800.
Imperial Ordinary No. 10 W. of 1883-84 (G.O., No. 1381 W., dated 11th May 1883), for Rs. 1,497.

ORDER—dated 9th June 1883, No. 1616 W., Public Works.

It being clear from paragraph 4 of Government of India letter, No. 303 S.C., dated 30th May 1882, recorded in G.O., Military Department, No. 2735, dated 7th June 1882, that the cost of providing dummy railway wagons and trucks for the mounted branches of the army should be treated as a Military charge, the Examiner of Public Works Accounts will debit accordingly the expenditure already incurred.

2. This point was overlooked in classifying the sanctions quoted in the foregoing note from the Examiner.
