Civil Works.

READ—the following letter from G. HAMNETT, Esq., Inspector-General of Registration, Madras, to the Chief Secretary to Government, dated Madras, 28th November 1883, No. 2701 G.:—

I have the honor to enclose extracts from my notes of inspection of the registrar's office at Kurnool, and to request that the sanction of the Government may be obtained, in the Public Works Department, for the preparation of plan and estimate for adding a suitable record-room to the office.

ENCLOSURE.

EXTRACTS from notes of inspection on the office of the registrar of Kurnool, on the 12th November 1883.

By the Inspector-General.—The registrar's office though held in a detached building, his records are kept in a room in the Collector's cutcherry. The room is limited in space, and the arrangement is altogether an inconvenient and objectionable one. The detached building may be slightly enlarged, and the records transferred to it.

Registrar's explanation.—The existing arrangement is attended with much inconvenience. Orders are respectfully solicited as to whether the Executive Engineer, Kurnool, may be requested to prepare plan and estimate for adding a new record-room to the detached building.
