Report by Superintending Engineer on Supplemental Estimate for improving the District Munsif's Court-house at Negapatam.

1 Plan.
1 Abstract Estimate.
1 Do. for Examiner.

In G.O., No. 1882 W., dated 22nd July 1882, an estimate for Rs. 2,100 was sanctioned for improvements to the District Munsif's Court-house; these improvements consisted of additions to the clerk's, the property and record rooms. The estimate was approved of by the Civil and Session Judge and supposed to allow for all that was required.

2. In letter No. 484, dated 29th November 1882, the Civil and Session Judge forwarded to the Superintending Engineer a letter from the District Munsif suggesting certain improvements consisting in the removal of two pillars, the alteration of the roof and the addition of a tiled porch, and the estimate now forwarded, amounting to Rs. 1,000, supplemental to the original estimate, Rs. 2,100, allows for these improvements.

3. The Superintending Engineer considers the proposal would be a great improvement to the Court-house, although they are not absolutely necessary.

ORDER—dated 1st February 1883, No. 351 W., Public Works.

The second revised estimate, amounting to Rs. 3,100, for improvements to the District Munsif's Court-house at Negapatam, is sanctioned.

2. The excess of Rs. 1,000 over the first revised estimate for Rs. 2,100, sanctioned in G.O., No. 1882 W., dated 22nd July 1882, is explained in the Superintending Engineer's report.

3. The additional sum of Rs. 1,000 now required is appropriated from the Provincial Reserve.

4. This sanction has been registered as Provincial No. 222 W. of 1882-83 and classified as Civil Buildings, Original Works. Provincial No. 61 W. of 1882-83 is cancelled.

Read the following papers :—

No. 9. From Captain R. R. E. BROCKMAN, R.E., District Engineer, Tanjore, to the Chief Engineer, Public Works Department, Buildings and Roads, dated Shiyali, 21st October 1877, No. 1,804.

I HAVE the honor to forward, for the sanction of Government, the enclosed plan and estimate, amounting to Rupees 700, for constructing a store-shed for attached property of the District Munsif's Court at Negapatam. The estimate was prepared at the request of the District Judge, as, from the insufficient accommodation afforded by the present Court-house, much inconvenience is said to be felt for want of room for the copyists and for the custody of attached property, the latter being at present left in the open ground in a very insecure state.

2. The plan and estimate have been countersigned by the District Judge in token of his approval, and I request that early sanction may be accorded for the execution of the work and the necessary funds allotted for the same.

No. 9-A. From the same Officer, dated Capistalam, 7th December 1877, No. 2,104.

WITH reference to your memorandum, No. 3,920, dated the 14th November 1877, returning for revision, according to the standard design, plan and estimate for constructing a store-shed for attached property of the District Munsif's Court at Negapatam, I have the honor to forward, for your information, copy of a letter, No. 493, dated the 27th November 1877, from the Officer in charge of the Negapatam Division, explaining the circumstances under which increased space has been provided for the store-shed, and why the room should not be attached to the existing Court-house, and thus save an extra wall. I would therefore recommend that the plan and estimate originally submitted for the store-shed, which are herewith resubmitted, may be sanctioned.

No. 9-B. From the same Officer, dated Tanjore, 1st March 1878, No. 475.

I HAVE the honor to return herewith the papers relative to the construction of a store-shed for attached property of the District Munsif's Court at Negapatam, which were referred to with your endorsement, No. 4,404, dated 10th December 1877, to the District Judge, Tanjore, for remarks. The papers in question were forwarded to me by the District Judge with his letter, No. 128,* dated 2nd February 1878, with a translation of an arzi from the District Munsif of Negapatam on the subject herein enclosed. On the receipt of the above papers from the District Judge, I called upon the Range Officer for an explanation on the points adverted to in the District Munsif's arzi, and I beg to forward herewith (in original) his explanation† with a view that you may be able to decide regarding the extent of the additional accommodation required for the District Munsif's Court at Negapatam. I shall have the necessary plan and estimate prepared for the work on the receipt of your decision.

ORDER—dated 12th May 1882, No. 1209 W., Public Works.

With the papers read above the Superintending Engineers submit statements of the estimated requirements for the current official year in lump sums for Minor Works, Repairs and Tools and Plant for each division.

2. The sums available under Imperial Military and Other Services are as follows :—

		Imperial.	
		Minor Works. RS.	Repairs. RS.
Military ...		19,911	2,75,000
Other Services	Postal	13,484	5,000
	Telegraph	6,452	3,000
	Salt	1,550	8,000

3. From these sums allotments are made as per statement marked A, leaving, as it will be observed therein, balances which will form the reserves with Government under the several heads concerned.

4. Under Provincial in the case of Repairs, and Tools and Plant it will be seen from the statement marked B that the distribution works up to the totals as entered in Parts II and IV of the Final Issue of the Budget.

5. Out of the reserve of Rs. 4,81,163 (Final Issue) under Original Works, Civil Buildings, Rs. 42,915 have now been allotted to the several divisions for Minor Works, leaving Rs. 4,38,248 still at the disposal of Government. Rs. 27,627 are also held as a reserve with Government under Tools and Plant, thus making a total reserve of Rs. 4,65,875.

6. The distribution made in the statements marked A and B are in supersession of those shown in the different budgets circulated with the orders noted in the margin.

" " 3120 W., " 16th " "
" " 104 W., " 12th January "

7. The grants applied for by Superintending Engineers have been reduced in several cases in order to keep within the totals allotted in the several budgets for Minor Works and Repairs.

8. No provision has been made in the Imperial Budget under Repairs, Miscellaneous Public Improvement, as all items connected with repairs to light-houses, &c., are transferred to Port Funds—*vide* G.O., No. 2452 W., dated 5th October 1882. Funds under that head must, therefore, be applied for separately.

9. The Consulting Architect will submit a special application, naming the works for which funds to the extent of Rs. 2,000 applied for under Excluded Local are required, no funds being available under that head in the Public Works Department.

10. The reserves applied for by the Superintending Engineer, Fifth Circle, have not been granted, but such requirements as may be found necessary will, on application, be met from the reserves at the disposal of Government.

11. The General Superintendent, Public Works Workshops, not having submitted a statement of requirements for Provincial Funds, the amount allotted to his division are the same as entered in the Preliminary Issue of the Provincial Budget.

1 Abstract Estimate.
1 Comparative Statement.

I have the honor to submit, for sanction, a revised estimate, amounting to Rs. 2,100, for extending the District Munsif's Court-house at Negapatam.

2. The present estimate is in lieu of the one for Rs. 1,900 sanctioned in G.O., No. 3478 W., of 2nd September 1878, and the cause of the excess, viz., Rs. 200, over the original estimate is chiefly due to the substitution of brick in chunam for brick in clay in the walls, and to the introduction of a truss considered indispensable in the roof of the property-room.

3. The necessity for the substitution of brick in chunam for brick in clay is that the former material stands the sea air better than the latter, and the introduction of a truss is found necessary owing to the roof originally proposed being unsuitable to the property-room. The roof originally proposed consists of hip rafters about 32 feet long, one portion of which, 20 feet long, was entirely unsupported.

4. Cut-stone has been substituted for brick in chunam in the steps leading into the building.

5. The estimate has been countersigned by the District Judge, and I request that the excess amount, viz., Rs. 200, may be allotted, the amount of the original estimate, Rs. 1,900, having already been allotted in G.O., No. 1209 W., of 12th May 1882.

No. 136.

Order—dated 22nd July 1882, No. 1882 W., Public Works.

The revised estimate, amounting to Rs. 2,100, for extending the District Munsif's Court-house at Negapatam, is sanctioned.

2. The excess of Rs. 200 over the estimate for Rs. 1,900, sanctioned in G.O., No. 3478 W., dated 2nd September 1878, is explained in the Superintending Engineer's letter above recorded.

3. The sum of Rs. 1,900 has already been allotted for this work in G.O., No. 1209 W., dated 12th May 1882, and the balance required to complete is appropriated from the Provincial Reserve.

4. This sanction has been registered as Provincial No. 61 W. of 1882-83 and classified as Civil Buildings, Original Works.
