Read—the following letter from the Registrar, High Court, dated 24th November 1883, No. 3669 :—

ABSTRACT.—Forwarding letter from the District Judge, North Tanjore, and requesting sanction for the disbursement of Rs. 98, being the amount of rent for seven months of a building occupied by the Shiyali district munsif at Rs. 14 a-month, and for the payment of rent of the same building from October last up to the end of 1884 at a reduced rate of Rs. 10 a-month.

ENCLOSURE.

From the District Judge of North Tanjore, to the Registrar, High Court, dated 17th November 1883, No. 556.

I have the honor to inform you that the Government, in their Order, dated 19th February 1883, No. 482, Miscellaneous, sanctioned the renting of a building for the temporary accommodation of the district munsif's court of Shiyali at a monthly rent of Rs. 14 for a period of six months, by which time it was hoped that the repairs would be completed of the Government building intended to be used as a munsif's court. However, I now learn from the Executive Engineer, Tanjore, that no repairs have been yet done, that there has been a correspondence between himself and the Collector regarding the change of position of a cattle pound close to the building, and that the matter was finally settled in February 1883, when the estimate for repairs ought to have been submitted for sanction, but by an oversight was not. The Executive Engineer further states that the estimate has now been submitted, and that, as he does not know when funds are likely to be available, he is unable to specify a date by which the building will be ready for occupation by the munsif, and suggests my obtaining sanction for the payment of rent up to the end of 1884. I request, therefore, that you will be good enough to obtain the necessary sanction of Government for payment of the rent retrospectively from March 1883. The munsif has been paying a monthly rent of Rs. 14, which has been reduced to Rs. 10 from October last.

Order—dated 4th December 1883, Mis. No. 3188, Judicial.

Sanctioned. Copy of the District Judge's letter will be communicated to the Public Works Department for information.

Communicated to the Superintending Engineer, Sixth Circle.

is to be used as a district munsif's court; and the Superintending Engineer was directed to report the appropriation needed for the current official year. Pending an allotment, the work should be put in hand at once, and carried out without avoidable delay.

3. From the correspondence now before the Government, it appears that the delay in the submission of the estimate was not fully explained in the Superintending Engineer's report printed with Proceedings of Government, No. 3478 W., dated 4th December 1883.
