Civil Works.

No. 66.

READ—the following letter from J. H. TAYLOR, Esq. Lieut., R.N.R., Master Attendant, Administrative Department, to the Secretary to Government, Public Works Department, dated Madras, 2nd February 1883, No. 1008:—

With reference to the Government Order as per margin, I have the honor to submit the accompanying estimate, amounting to Rs. 3,333, for raising and repairing the southern groyne at the port of Cocanada, which it may be remembered was destroyed in bad weather. I have already addressed Government on the importance of repairs of the Cocanada groynes, and would therefore simply solicit the early sanction of Government to the estimate now submitted, which will be met from Port Funds. The estimate last sanctioned, amounting to Rs. 1,485, was for the north groyne. It is altogether independent of the groyne extension work and estimate.

No. 67.

ORDER—dated 8th February 1883, No. 433 W., Public Works.

The estimate, amounting to Rs. 3,333, for raising and repairing the southern groyne at Cocanada, is sanctioned for execution by the Marine Department.

2. This sanction has been registered as Excluded Local (Port Fund) No. 42 W. of 1882-83 and classified as Miscellaneous Public Improvement, Original Works.

Sir,

the Works
sanctioned

23610, dated
Dec. 3rd 1882.

With reference to the G.O. as per margin, I have the honour to submit the accompanying estimate amounting to Rupees (3333) three thousand three hundred and thirty three, for raising and repairing the southern groyne at the port of Cocanada, which it may be remembered was destroyed in bad weather. I have already addressed the Government on the importance of repairs of the Cocanada groynes, and would therefore simply solicit the early sanction of Government to the estimate now submitted, which will be met from Port Fund. The estimate last sanctioned, amounting to Rupees (1485), one thousand four hundred and eighty five, was for the north groyne. It is altogether independent of the

the groyne extension work and estimate.
