No. 70 C.M.A.

Endorsement on the above.

Forwarded to the Secretary to Government, Public Works Department, with connected papers (to be returned), for favor of orders.

2. The circumstances under which the establishments have been employed are not known to this office, and it would appear that they are charges which should be borne properly by the Military Department.

4th April 1883.

(Signed) D. C. GORDON,
Examiner, Public Works Accounts.

The establishments marginally noted are at present paid in the Military Department, but as from their nature they would appear more appropriately to come under the control of the Public Works Department (although maintained for military purposes), I have the honor to inquire whether you see any objection to the charges incurred on their account being adjusted in the Public Works Department (Military Branch).

2. The above inquiry is, I may add, suggested by paragraph 4 of the attached order.

3. The favor of an early reply is solicited.

ORDER—dated 17th April 1883, No. 1150 W., Public Works.

The establishment of the Ulsoor Water Works at Bangalore was transferred to the Military Department at the suggestion of His Excellency the Commander-in-Chief in 1876 (G.O., Military, No. 105, dated 7th May 1876), and nothing has since occurred to make a retransfer to the Public Works Department desirable.

2. The remainder of the establishments referred to are maintained for purely military purposes, and no useful end would be served by their transfer to the Public Works Department.

(True Extract.)

(Signed) R. H. SANKEY, Colonel, R.E.,
Secretary to Govt., P.W.D.

To the Examiner, Public Works Accounts, with fourteen Enclosures.
,, Military Department.
