GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following paper :—

Proceedings of the Government of India, Department of Finance and Commerce (Accounts and Finance), dated Calcutta, 18th January 1883, No. 319.

Read—

Letter from the Comptroller-General, No. 1854, dated the 2nd November 1882, inquiring how, in cases of alteration of the percentage of Land Revenue assigned to a Local Government, adjustments are to be made between the Imperial and Provincial heads, whether by lump transfers in the current year's accounts by way of contribution from Provincial to Imperial (or *vice versa*), and by altering the percentage with effect from the next year or otherwise.

Resolution—

In making the foregoing inquiry the Comptroller-General represents that when in the course of any one year a charge involving an alteration in the percentage of the Land Revenue assigned to a Local Government is sanctioned, the alteration, if ordered with retrospective effect from the beginning of the year, involves a rather complicated adjustment in the accounts which are made up month by month. With a view, therefore, to avoid such complications, the Governor-General in Council is pleased to rule that the percentage of Land Revenue shall not be changed during the currency of the Provincial contracts, but that effect shall be given to all transactions which would otherwise necessitate an alteration of the proportion, by transfers of lump sums, in reduction of, or addition to, the amounts determined by the fixed proportion under the head of Land Revenue, from or to Imperial to or from Provincial. A similar method of adjustment should be adopted in all cases in which lump sums, whether of the nature of contributions or not, require to be adjusted between Imperial and Provincial.

Order—

Ordered that the foregoing Resolution be communicated to all Local Governments (except Hyderabad), to the Comptroller-General, and the several Accountants-General and Comptrollers (except Hyderabad) for information.

Also to the Public Works Department for information.
