GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

No. 215.

READ—the following papers:—

From Lieutenant W. L. C. BADDELEY, R.E., General Superintendent, Public Works Stores, to the Deputy Chief Engineer, Public Works Department, dated Madras, 8th February 1883, No. 1842 S.

I have the honor to report that the undermentioned articles shipped by the India Store Department have been landed damaged by the S.S. *Clan Drummond* and condemned by a Committee of Survey as useless:—

20 Boxes Mathematical Instruments, first class.
2 Sets Marquois Scales, Boxwood.
40 Rules, Folding, Boxwood, 3' 9" joint.
30 do. do. do. 2' 12" do.
30 do. do. do. 2' 6" do.

The case containing the above had apparently been standing in water for a long time, as the tin lining inside the case was found rusted, and the packing and instrument boxes saturated with water.

I regret the loss of these articles, the instrument boxes in particular, as I had been looking for their receipt to meet the wants of the superior officers of the Department and Railway Surveys, there being none in store.

I now request permission to forward a special indent to replace the above-mentioned articles, as the ship has been held liable for the damage, and consequent loss to Government, and their value will be recovered from the freight due.

No. 461 W.

A special indent may be framed to replace the articles in question.

10th February 1883.
