16TH FEBRUARY 1883, No. 623 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

No. 225.

READ—the following papers:—

From C. W. HUTCHINSON, Esq., Postmaster-General, to the Secretary to Government, Public Works Department, dated Madras, 25th January 1883, No. 10464-1213.

I have the honor to submit copy of a letter from the Executive Engineer of West Coast Division, No. 248, dated 16th March 1882, and the plan and estimate for Rs. 2,910, therein referred to, for the construction of a building for the Post Office at Kalpatti in the Wynaad; also copies of my letter* to the Director-General of the Post Office of India, and of his reply thereto, No. 4850, dated 5th August 1882, according sanction to the measure, and request that you will be so good as to move the Government to pass orders for the allotment of the necessary funds from the grant for Major Works of the Postal Department in this circle for 1883-84, so that the work may be taken in hand as soon after the 1st April 1883 as possible.

COPY of a communication from the Executive Engineer, West Coast Division, to the Superintendent of Post Offices, Calicut Division, dated 16th March 1882, No. 248.

Has the honor to forward a plan and estimate, amounting to Rs. 2,910, for constructing a Post Office at Kalpatti, as requested in his No. 4494—C-1, dated 9th February 1882, and he is requested to select a site for the building before sending these for the countersignature of the Postmaster-General.

COPY of a communication from the Postmaster-General, Madras, to the Director-General of the Post Office of India, dated 20th June 1882, No. 232-1213.

I have the honor to forward a plan and estimate for Rs. 2,910 for construction of a new Post Office building at Kalpatti in the Wynaad, and request that you will be so good as to accord your sanction to the measure.

The building occupied by the Post Office at present is quite unsuited for the purpose. It is a room in a line of bazaars supported by a temporary roof, very unsafe, and more so since the introduction of the Money Order and Savings Bank system, and the Sub-Postmaster has complained of the great nuisance caused by the neighbours.

Kalpatti is an important centre of a planting community, and it is, moreover, a rising town; and the Deputy Collector also states that it would be a good thing to have a pukka Post Office there, that the place is very unhealthy at times, and that a person living there should be provided with proper quarters.

As no funds are available for this work during the current year, it is therefore proposed to carry out the measure in 1883-84, and this will be entered under Major Works in my schedule for that year to be submitted shortly.

Copy of a communication from the Director-General of the Post Office of India, to the Postmaster-General, Madras, dated Simla, 6th August 1882, No. 4850.

With reference to the correspondence ending with endorsement, No. 347-1313, dated 20th July 1882, I have the honor to return, duly approved of, the plan and estimate received with your letter, No. 232-1213, dated 20th June 1882, and to state that the sum of Rs. 2,910 required for the construction of a new Post Office building at Kalpatti may be included in your Public Works schedule for the year 1883-84.

No. 225-A.

From C. W. HUTCHINSON, Esq., Postmaster-General, to the Deputy Chief Engineer, Public Works Department, dated Madras, 14th February 1883, No. 11220-1213.

In reply to your memorandum, No. 355 C., dated 3rd February 1883, I have the honor to forward, herewith, copy of a letter, No. 183, dated 18th May 1882, from the Deputy Collector, Wynnad, to the Superintendent of Post Offices, Calicut Division, describing the ground available for the site of the new Post Office at Kalpatti, and request that steps may be taken by the local Public Works Department authorities to obtain the same.

Copy of a communication from the Deputy Collector, Wynnad, to the Superintendent of Post Offices, Calicut Division, dated 18th May 1882, No. 183.

With reference to your letter, No. 784-C-1., dated 12th May 1882, I have the honor to inform you that the suitable ground for the site of a Post Office building is on Aranjee Coono, situated on the upper part of the Kalpatti bazaar, where the Post Office was formerly constructed.

The place measures from east to west 14 * and from north to south 6 * coles. There is no other place available at Kalpatti.

No. 226.

ORDER—dated 16th February 1883, No. 523 W., Public Works.

The estimate, amounting to Rs. 2,910, for constructing a Post Office at Kalpatti, Wynnad, in the Nilgiri Division, is sanctioned for execution in 1883-84, in the Budget for which year the necessary funds have been provided.

2. The Superintending Engineer will take the necessary steps for the acquisition of the site referred to by the Postmaster-General.

3. This sanction has been registered as Imperial (Other Services) No. 45 W. of 1882-83 and classified as Civil Buildings, Original Works.
