Resolution—dated 7th November 1882, No. 2710.

The Board resolve to submit for the approval of Government the Budget Estimate of Receipts and Charges of the Canal and Ferry Fund for 1883-84.

2. The Canal and Ferry Act was extended to certain ferries in the South Arcot and Tinnevelly Districts in G.Os., Revenue Department, dated 18th August 1882, No. 868, and 14th July 1882, No. 743.

3. *Regular Estimate of* 1882-83.—The following statement is an abstract of the Regular Estimate for 1882-83 according to the figures furnished by Collectors :—

* Bhadráchalam Taluk.

4. *Opening Balance.*—The Collectors of Cuddapah and Malabar do not give the opening balances of 1882-83. The figures entered above are those shown in their Special Local Fund Reports for 1881-82. The Accountant-General having furnished a statement of receipts and charges for 1881-82, the closing balances of that year as given by him will be adopted by the Board as the opening balances of the current year.

5. *Receipts.*—The estimated receipts in South Canara have been raised by Rs. 650 with reference to the actuals of the first six months and the probable collections of the remaining six months, during which a portion of the arrear balance is expected to be realized. The decrease in Cuddapah is due to the ferries having been leased out and only the net receipts from rents having been entered, while in the budget the gross receipts were shown. The increase in Kistna is due to the recovery of last year's arrears. The ferries in Malabar were leased out in the current year for an aggregate amount of Rs. 76,000, which is therefore entered as the regular estimate for the year. The decrease of Rs. 640 in Tanjore appears to be due to the deposits credited to the fund in the preceding year having been set off against rents due in the current year. In the Trichinopoly Budget Rs. 4,227 are entered as the actual receipts of the first five months and Rs. 5,773 as the probable receipts of the last seven months of the current year, making a total amount of Rs. 10,000; but the cause of the increase of Rs. 1,000 over the Budget Estimate is not stated.

6. *Expenditure.*—The increase in South Canara is owing to a larger amount being available for transfer to Local Funds, the estimated receipts being now larger than was anticipated when the budget was framed. The expenditure in Cuddapah appertains to the preceding year, and the renters of the ferries are to bear all the incidental charges hereafter. The provision of Rs. 15,000 in the Godávari District for the purchase of a steamer is omitted, apparently because it is proposed to try the steamer *Godávari* for another year (*vide* Board's Proceedings, dated 14th October 1882, No. 2512). The contribution for the Kovoor-Munjair Junction Canal should also be reduced by Rs. 600, as the cost of Public Works Department Supervision and Tools and Plant is now only 24½ per cent. on the outlay on the work. The allotment of Rs. 22,800 for the purchase of a steamer for the Bezváda ferry and for its working expense is omitted, as the proposal has been abandoned (G.O., Revenue Department, dated 20th April 1882, No. 403). The Collector of Malabar does not say what amount is to be transferred to Local Funds. But as he enters no opening balance for the ensuing year, it is presumed that the whole of the available amount, viz., Rs. 73,500, is to be made over to the Local Fund Board. The Regular Estimate for Tanjore will be reduced to Rs. 19,460, as that is the amount of available assets, taking the opening balance of the year according to the Accountant-General's figures. This will make the surplus to be transferred to Local Funds Rs. 17,040. The whole of the receipts in Trichinopoly, amounting to Rs. 10,000, against Rs. 9,000 in the budget, are to be transferred to Local Funds.

7. An abstract of the Regular Estimate as adopted by the Board is as follows:—

Districts.	Balance at the beginning of 1882-83.	Receipts during the Year.	Total.	Expenditure during the Year.	Balance of the end of 1882-83.

Total ...	1,80,970	1,43,740	3,24,710	1,72,390	1,52,320

The closing balances in the above statement will be carried forward to the budget of 1883-84. The figures of the Bhadráchalam Taluk are entered separately, as the Canal and Ferry Act has not been extended to the ferries in that taluk.

8. *Budget Estimate of* 1883-84.—The receipts and charges as estimated by Collectors are as follows:—

	Receipts. RS.	Charges. RS.
Arcot, South	150	...
Canara, South	17,650	17,650
Cuddapah	390	...
Godávari	24,700	39,900
	440	50
Kistna	4,200	30,000
Malabar	70,000	70,000
Tanjore	6,100	8,100
Tinnevelly	300	100
Trichinopoly	8,500	8,500
Total ...	1,32,430	1,74,300

9. *Receipts.*—The receipts in South Canara are estimated with reference to the actuals of the last five years. The Collector doubts whether the triennial sale of the ferry farms next year will fetch their present annual value. The estimate for Malabar is fixed at Rs. 70,000 against the Regular Estimate of Rs. 76,000 with reference to the actuals of 1881-82. The estimate for Trichinopoly is based on the actuals of the last three years.

10. *Charges.*—The particulars of the estimated expenditure for 1883-84 is given in the appendix to the present Proceedings. The absence of any allotment for South Arcot and Cuddapah is due to all ordinary charges being borne by the renters of the ferries. The proposed expenditure in the South Canara, Malabar, and Trichinopoly Districts is less than the Regular Estimate, owing to the expected receipts of the year being also less than those of the preceding year. The Collector of Godávari enters Rs. 28,000, without particulars, as the proposed expenditure by the Public Works Department. Of this amount, Rs. 24,900 will be taken as the contribution for the year on account of the Kovoor-Munjair Junction Canal, including the cost of Public Works Department Supervision and Tools and Plant (*vide* G.O., Revenue Department, dated 1st November 1881, No. 3056), and the remainder, Rs. 3,100, as the estimated charge for the construction and repair of boats by the Public Works Department.

11. The particulars of the proposed expenditure in Kistna are as follows:—

	RS.
1. Constructing a landing place at Bezváda	17,000
2. Purchase of paddle boats, bullakuts, flat-decked dhonies... ...	10,000
3. Contribution to Local Funds	2,000
4. Ferry Establishment and Miscellaneous Charges	1,000
Total ...	30,000

All carts have now to be unloaded at the ferries, the contents carried in boats and then reloaded in carts on the opposite side. It is stated that the construction of the landing place will enable loaded carts to be ferried across. An estimate should be submitted for sanction before utilizing the allotment. Under the second item provision is made for paddle boats for Bezvádá and other important ferries, and for ballakuts and flat-decked dhonies for some of the ferries where Government ones are not available. In places where paddle boats are provided, the dhonies or ballakuts will be used for the transit of carts, goods, and animals. The estimated expenditure in Tanjore is entered by the Collector as Rs. 8,100, including a contribution of Rs. 8,000 to Local Funds. It will be reduced to Rs. 6,100, being the whole amount available.

12. The amounts proposed to be contributed to Local Funds in 1882-83 and 1883-84 are as follows:—

	1882-83.	1883-84.
	Rs.	Rs.
Canara, South	19,770	16,050
Kistna	...	2,000
Malabar	73,500	67,800
Tanjore	17,040	6,000
Trichinopoly	10,000	8,500
Total ...	1,20,310	1,00,350

A list of the roads on which the contribution in South Canara is to be spent is given in the papers recorded in G.O., Revenue Department, dated 10th January 1879, No. 35. The Collector of Kistna does not name the roads on which it is to be spent, but states that the amount will be utilized in the repair of the roads leading to the ferries and which have been much damaged by the recent floods. The Collector of Malabar has stated that it is impossible to specify the roads for which the contribution is to be utilized (G.O., Revenue Department, dated 11th March 1879, No. 624). The contribution in Tanjore is to be spent on the works specified in Board's Proceedings, dated 24th January 1882, No. 231. The Collector of Trichinopoly states that a list is being prepared for that district, and that it will be submitted as soon as it is ready.

13. The following statement shows the estimated receipts and charges of the fund for 1883-84 as adopted by the Board:—

Districts.	Balance at the beginning of 1883-84.	Receipts during the Year.	Total.	Expenditure during the Year.	Balance at the end of 1883-84.

The Board resolve to submit to Government the Budget Estimate of the Special Funds under their control for 1883-84. The undermentioned statements are ded:—

Appendix I.—Statement showing the actual receipts and charges of Special Local Funds for five years, submitted in accordance with G.O., Revenue Department, dated 9th April 1881, No. 632.

Appendix II.—Statement showing in one view the estimated Receipts and Charges of each fund for 1883-84 compared with those of the current year.

Appendix III.—The estimated Receipts and Charges of each fund in each district for 1883-84.

2. The Canal and Ferry Fund Budget has already been submitted to Govern- (*vide* G.O., Revenue Department, dated 7th December 1882, No. 1380). Since ubmission of the budget, the allotment for charges for the Godávari District for -84 has been reduced by Rs. 2,100 (*vide* Board's Proceedings, dated 6th Decem- 882, No. 3016). The opening balance of the regular estimate has also been d to correspond with the balance as per Accountant-General's accounts received quent to the submission to Government of the Canal and Ferry Fund Budget. ual Jungle Conservancy Fund Budget has not been submitted to Government, fund has been included with Forest Revenue (*vide* Government Order, Revenue rtment, dated 16th November 1882, No. 1259). The budget estimate of the Special Local Funds will now be reviewed.

3. *Cattle Pound Fund.*—The receipts of this fund together with the opening balance amount to Rs. 2,17,020, and the expenditure to Rs. 2,06,680, including a contribution of Rs. 61,237 to Agricultural Services and to Local and Municipal Funds, as shown below :—

	Regular Estimate, 1882-83.	Budget Estimate, 1883-84.
	RS.	RS.
Agricultural Services	37,947	30,618
Local Funds	36,015	28,905
Municipalities	1,932	1,714
	75,894	61,237

The Collector of Anantapur makes provision for a Gumastah for the Anantapur Taluk. He is requested to explain the necessity for one, with reference to Board's Proceedings, dated 9th June 1875, No. 1554. With reference to the remark in the Vizagapatam Budget that the quarterly transfer of the Pound Fund surplus to Agricultural Services, &c., leaves no funds for improvements to the existing pounds and for the construction of new ones, the Collector is informed that he may reserve any amount required for the purpose and not exceeding the budget grant, prior to making the transfer.

4. *Agricultural Services*—(Cattle Pound Fund).—The contribution from the Pound Fund in 1882-83 and 1883-84 for Agricultural Services was, in the absence of correct information, assumed to be Rs. 44,700, in Board's Proceedings, dated 30th November 1882, No. 2954, in accordance with the Special Local Fund Budget for the current year. It should now be reduced to Rs. 37,947 for the current year, and to Rs. 30,618 for 1883-84, as shown above. The contribution is less because a larger amount is required for repairing pounds and for providing them with the necessary appliances.

5. *Village Service Fund.*—The opening balance of this fund is Rs. 14,23,580, and the estimated receipts amount to Rs. 31,12,700, making a total of Rs. 45,36,280. The expenditure is Rs. 31,30,110 and leaves a balance of Rs. 14,06,170 at the close of the year. The items composing the receipts and charges are given below :—

Items.	Budget, 1882-83.	Budget, 1883-84.
Receipts.	RS.	RS.
1. Cess collected under Act IV of 1364	13,62,074	13,52,500
2. Merahs collected over and above the land assessment	98,850	95,850
3. Deductions from Land Revenue credited to this fund for payment of village establishment ...	9,90,370	9,59,850
4. Quit-rent on enfranchised Inams	7,03,790	6,50,180
5. Interest on Government Promissory Notes ...	34,696	34,696
6. Do. on arrears	830	1,040
7. Miscellaneous	12,130	18,584
Total ...	32,02,740	31,12,700
Charges.		
1. Establishment at Collectors' Offices...	140	140
2. Village establishment	30,76,480	31,11,600
3. Construction and repair of village chavadies ...	3,500	15,500
4. Construction of ghát huts	1,000	1,000
5. Amount to be repaid to Provincial Services ...	17,200	...
6. Miscellaneous...	630	1,870
Total ...	30,98,950	31,30,110

6. *Receipts.*—The total estimated receipts for 1883-84 show a decrease of Rs. 90,040, compared with the current year's budget figures, resulting from a large decrease in Kurnool and Nellore. There is a considerable increase in North Arcot, Tinnevelly, Cuddapah and Godávari. In both Kurnool and Nellore, the receipts were over-estimated in the current year's budget. They are now based on the actual

demand of Fasli 1291, and should therefore be more accurate. The increase in North Arcot is due to the imposition of the village cess under Act IV of 1864 in the Wálajápet Taluk (*vide* G.O., Revenue Department, dated 7th June 1882, No. 597); and that in Tinnevelly is attributed to the collection of the village service cess in some of the villages where it was temporarily suspended, especially in the Tinnevelly Taluk. It is not clear why the expected cess collections in these villages for 1882-83 were not included in the budget for that year, as the collection of the cess is stated to have been resumed in February 1881 (*vide* Collector's letter, dated 11th April 1882, No. 215, recorded in Board's Proceedings, dated 5th May 1882, Miscellaneous No. 3235). It is stated that the receipts in Cuddapah are estimated with reference to the settled demand for Fasli 1292 and the amount of arrears likely to remain at the close of the current year, and that the estimate in Godávari is fixed with reference to the actuals of the last three years and the demand for Fasli 1292. The demand for that fasli, which commenced only on 1st July last, could not have yet been settled, and it is probably the estimated demand of that fasli which is referred to.

7. *Expenditure.*—There is a large increase in expenditure in the North Arcot and Kistna Districts, both in the regular estimate for the current year and the budget estimate for the ensuing year. The increase in the former district is due to the payment of the arrears of salaries, but no reason is assigned why such large arrears are expected to remain unpaid at the close of the current year, and this should now be explained. The estimated expenditure in Kistna is composed of Rs. 3,86,604 for salaries of village establishments according to the revised scale, Rs. 10,000 for the construction of village chavadies and Rs. 100 for miscellaneous charges.

8. The estimated balances at the end of 1883-84 are large in South Arcot, Chingleput, Godávari, Kistna, Kurnool, Malabar, Salem, Tinnevelly and Trichinopoly. The Collector of Chingleput promises to submit shortly proposals for utilizing the balance in that district. Regarding the balances in the other districts, the Board have nothing to add to what has already been said in paragraph 34 of their Proceedings recorded in G.O., Revenue Department, dated 17th November 1882, No. 1262. The Board have now entered Rs. 60,690 in the regular estimate of charges for the Nellore District for transfer to Provincial Services in the current year in part payment of the debt of Rs. 1,20,195 due to Provincial (*vide* Board's Proceedings, dated 23rd November 1882, No. 2872, and 18th January 1883, Miscellaneous No. 432,) which results in leaving a small *minus* balance against that district at the end of the ensuing year.

9. *Endowment Fund.*—The assets of this fund amount to Rs. 32,220 and the expenditure to Rs. 15,330, leaving a balance of Rs. 16,890. The institutions to which the transactions under this fund relate are the same as those enumerated in paragraphs 17 to 25 of the Board's Proceedings recorded in G.O., Revenue Department, dated 17th November 1882, No. 1262, except Muthukrishna Naiken's Chattram and Singikulam Chattram in the Tinnevelly District, both of which have been made over to the representatives of the original founders of the endowments.

10. *Irrigation Cess Fund.*—The estimated receipts of this fund, together with the balance, amount to Rs. 81,120, and the expenditure to Rs. 36,630, leaving a balance of Rs. 44,490. The items of expenditure are specified below :—

	RS.
Irrigation establishment	26,420
Repairs and improvement of channels	9,000
Miscellaneous	210
Advances	1,000
	36,630

The estimated expenditure for the ensuing year is less than the budget figure for the current year by Rs. 4,710. The decrease occurs in Trichinopoly, the estimate for which is fixed with reference to the average expenditure of the last three years, and the regular estimate for the current year. The balances are large in the Coimbatore, Salem and Trichinopoly Districts. The Collector of Salem reported in 1880, when the balance was expected to be Rs. 15,490, that it may be allowed to accumulate until

there is enough money in excess of the reserve of Rs. 10,000 required to meet unforeseen emergencies, to build head sluices and exclude the river floods. The estimated balance at the end of 1883-84 is Rs. 23,380. The Collector is requested to state whether any portion of it can now be utilized for the purpose mentioned above. The balances in favor of Coimbatore and Trichinopoly—viz., Rs. 10,570 and Rs. 10,410—are probably required in those districts for emergent and unforeseen works. The Collectors will, however, be requested to report on this point.

ORDER—dated 25th January 1883, No. 105, Revenue.

Miscellaneous.

The Budget Estimate of the Special Local Funds for 1883-84, as framed by the Board, is approved and passed. The annexed table shows the estimated receipts and charges of the funds:—

—	Opening Balance.	Receipts.	Charges.	Closing Balance.
	Rs.	Rs.	Rs.	Rs.
1. Canal and Ferry Fund	1,51,010	1,32,430	1,70,200	1,13,240
2. Cattle Pound Fund	13,300	2,03,720	2,06,680	10,340
3. Village Service Fund	14,23,580	31,12,700	31,30,110	14,06,170
4. Endowment Fund	15,820	16,400	15,330	16,890
5. Irrigation Cess Fund	46,000	35,120	36,630	44,490

2. The closing balance of the Village Service Fund is very heavy—Rs. 14,06,170. More than a third of this sum, *i.e.*, Rs. 5,42,010, appertains to the Godávari District, and the Collector should expedite* the submission of proposals for utilizing the surplus. The Board will also consider whether some of the urgent reforms recommended in their Proceedings, dated 12th June 1882, No. 1517, ought not be introduced at once into this District so far as funds admit. While the necessity for improving the establishments is admittedly pressing, their suggestion† to forego the collection of cess for a while, or to reduce its rate in view to establishing equilibrium, does not appear to have been well considered.

* Paragraph 34 of Board's Proceedings in G.O., 17th November 1882, No. 1262.

† Paragraph 34 of their Proceedings in G.O., 17th November 1882, No. 1262.

3. The figures against the Canal and Ferry Fund, as now given, will be adopted in modification of those passed in G.O., 7th December 1882, No. 1380. + 201
