No. 197.

READ—the following paper:—

G.O., dated 21st December 1882, Mis. No. 4417, Revenue.

Proceedings of the Board of Revenue, dated 17th November 1882, No. 2821.

Read—the following letter from H. SEWELL, Esq., Collector of Trichinopoly, to the Secretary to the Board of Revenue, dated 18th October 1882, No. 3564:—

The terraced roof of the Huzur Treasury-room is cracked in several places, and the rafters are in such a decayed state that it was necessary to prop it up a few months ago. Besides, the room is small, dark, ill-ventilated, and is not exposed in all its parts to the sentry on duty, as it ought to be according to the principles laid down in G.O., No. 1055 W., Public Works Department, dated the 28th April 1882.

2. I thought the room was not fit for the safe custody of the treasure and requested the Superintending Engineer to prepare an estimate for constructing a new Treasury-room so as to meet all the requirements of a strong Treasury-room in accordance with the general principles laid down in the above Government Order. That

officer has accordingly forwarded to me plans and estimates for Rs. 3,760, which *

I have the honor to submit herewith, and

request that the early sanction of Government may be obtained for carrying out the work.

3. The Executive Engineer, in his letter, No. 388 M., of the 30th September last, also states that he considers the present Treasury-room unsafe.
