READ—the following papers :—

From G. HAMNETT, Esq., Inspector-General of Registration, to the Chief Secretary to Government, dated Ootacamund, 8th April 1882, No. 647-T.

I have the honor to enclose an extract* from my notes of inspection of the Sub-Registry Office at Ellore in the Godávári District, together with a letter† from the Registrar of the District, submitting an

estimate for Rs. 63 for enclosing the verandah in the Taluk Cutcherry.

2. I do not approve the Registrar's proposal, and request that you will be pleased to obtain the sanction of the Government to a new office being built for the Sub-Registrar on the site on which it is proposed to build a Taluk Cutcherry.

From G. HAMNETT, Esq., Inspector-General of Registration, to the Chief Secretary to Government, dated Tadpatri, 1st December 1882, No. 3169-T.

ABSTRACT.—Submitting a letter from the Registrar of Godávári, requesting that immediate steps may be taken in view to the preparation of an estimate for the construction of a new Sub-Registry Office at Ellore.

From W. A. HAPPELL, Esq., Acting Collector of the Godávári District, to the Chief Secretary to Government, dated Cocanada, 12th December 1882, No. 31.

ABSTRACT.—Informing that the Government Order about the site for a new Sub-Registry Office at Ellore, referred to in official memorandum, No. 1485, dated 7th instant, will be replied to on receipt of information from the Head Assistant.

From W. A. HAPPELL, Esq., Acting Collector of the Godávári District, to the Chief Secretary to Government, dated Cocanada, 27th December 1882, No. 35.

In reply to your reference on C. No. 1173, dated 21st April 1882, I have the honor to state that the "fort" at Ellore, on which it has been proposed to construct the new Taluk Cutcherry, also affords site for constructing the Sub-Registrar's Office.

2. The fort is at present occupied by the Church Missionary Society, who hold it on a lease, one of the conditions of which is that the Society must give up the ground to Government at any time when Government may require it for any public purpose, and that no compensation is claimable unless any buildings already existing are occupied by Government. There is plenty of vacant ground in the fort which can be used as sites for a Taluk Cutcherry and other buildings without any necessity for occupying or demolishing any existing buildings, and the Rev. M. Alexander, who represents the Church Mission Society in Ellore, says that the Society has already decided that they have no objection to give up a portion of the ground enclosed by the fort

walls (which is much more than sufficient for a Taluk Cutcherry) for Government buildings, provided only that the portion to be occupied by Government buildings is walled off from the portion on which the Mission buildings stand.

From W. A. HAPPELL, Esq., Collector of the Godáviri District, to the Chief Secretary to Government, dated 13th January 1883, No. 5.

ABSTRACT.—Returning the letter of the Inspector-General of Registration called for in official memorandum, dated 6th January 1883, No. 14.

ORDER—dated 12th February 1883, No. 374, Judicial.

The recommendation made by the Inspector-General of Registration to build an office for the Sub-Registrar, Ellore, in the District of Godáviri, is approved.

2. The Public Works Department will be requested to issue the necessary orders for the preparation of plan and estimate.
