The Honble Petition of T. Thamrasany Maister
Late Temporary Clerk and Accountant
in P. W. South Arcot District.

Most Honored Sir

With due respect and pro-
found submission, I most respectfully
beg to lay my deplorable circumstances
before your honor's noble consideration -
with a firm hope that my prayer will no
doubt be granted.

I beg respectfully to state that I
am native of Pattercolah in Tanjore Dis-
trict. I have educated in South Arcot,
and have passed the A. B. & General
Test Examination in Anglo Vernacular
in 1874. I was a temporary Accountant,
on No 20 and 25 in Claudry Project
Route and some other special Works
for about 5 years. In the middle of the
year 1878 I was transferred as Clerk under

under J. B. Pemberton Esquire Bengal Ex-
ecutive Engineer, who was specially deputed
to the Postage & Project Work in Bellumb.
From Sahy. At that ^{time} Major H. P. Meade M.C.
was District Engineer in South Arcot
District. While I was discharging my duties
satisfactorily to the Superior I was all of a
sudden attacked with fever and confined to
the bed for about a year. I was then obliged
to leave off the Department on permission
obtained from the Assistant Engineer
S. S. Subbaraya Svarish. B. & C, who was then
my immediate Superior i.e. 3rd Range
or Tiruchellur Divisional Officer.

Further I beg to state that after
my recovery from illness I was as Head
& Clerk in Pudukkottai Police Office which
I was also compelled to resign owing to
the sudden death of my Father, Mother,
and Sisters who were all in one family
by the attack of Cholera in two successive
days in the month of May 1882. A short
afterwards I came to Trichinopoly to which
my native place attached. I am left
now with only 3 souls who are entirely

depend upon me for their support, but
I am unable to maintain them.

I further beg to add that while
I was considering to find means to live upon
I heard from reliable source that some
B. & C. are to be appointed to the Final
Project Work in Tanjore District. I have at
once applied to the present Superintending
Engineer of the 6th Circle (Whom I have always
known but not served under his immediate
orders) and appeared personally before him
with a view of representing him all
my past miserable events. I did so, and
requested him to offer me an appointment.
The Superintending Engineer hearing all
what I had said replied me that he
is unable to yield my request owing to
the bar of the 25 years rule for Public Service.
I have passed my Examinations in 1874
and when I have calculated my age
20 which now comes 28. I know that this
rule is in force but as a special case, I
request to offer me a temporary B. & C.,
but not a permanent one. Moreover as a poor
friendless and helpless wretch, I am now

to 561

Public Works Department.
