No. 72.

READ—the following paper:—

From R. F. CHISHOLM, Esq., Consulting Architect to Government, to the Chief Engineer, Public Works Department, dated Chcpauk, 2nd June 1882, No. 166.

With reference to paragraph 9 of G.O., No. 1209 W., dated 12th May 1882, I have the honor to state that a sum of Rs. 2,504 is required for the current year under Excluded Local Fund Repairs for the work "Repairs to the Presidency College," being the balance of the estimate for that work, as already applied for in the List of Incomplete Works submitted on the 19th May 1882.

2. The sum of Rs. 2,000 applied for in this office letter, No. 920, of 4th March 1882, was only approximate.

No. 73.

ORDER—dated 10th June 1882, No. 1455 W., Public Works.

An estimate for the general repairs to the Presidency College was sanctioned in G.O., No. 455 W., dated 20th February 1882, but as only Rs. 5,027, as ascertained from the Examiner's Office, was expended to end of March 1882, the balance of the estimate has been applied for by the Consulting Architect to permit of the repairs being completed.

READ—the following letter from R. F. CHISHOLM, Esq., Consulting Architect to Government, to the Chief Engineer, Public Works Department, dated Chepauk, 4th July 1882, No. 252 :—

With reference to G.O., No. 1455 W., of 10th June 1882, I have the honor to

Putting up additional strings to the laboratory staircase to the Presidency College	69	point out that the sum of Rs. 5,027 therein stated to have been expended to end of March 1882 includes Rs. 214 sanctioned for the works noted in the margin by the Director of Public Instruction in his Proceedings, No. 563, of 2nd February 1882.
Putting up additional strings to the north staircase of the Presidency College	145	The outlay on these (under instructions from the Examiner, Public Works Ac-
	214	counts) is being included in the general expenditure in the repairs to the Presidency College.

2. Deducting this sum of Rs. 214 from the above outlay of Rs. 5,027 leaves an expenditure of Rs. 4,813 against the estimate of Rs. 7,317 sanctioned in G.O., No. 455 W., of 20th February 1882. The difference between these two amounts, viz., Rs. 2,504, is the sum applied for as the balance of the estimate for the current year.

3. I shall accordingly feel obliged by your kindly sanctioning this amount, viz., Rs. 2,504, in lieu of Rs. 2,290 sanctioned in the Government Order under acknowledgment.

ORDER—dated 13th July 1882, No. 1772 W., Public Works.

In continuation of G.O., No. 1455 W., dated 10th June 1882, regarding the provision of funds for completing the repairs to the Presidency College, the Consulting Architect, in the letter above recorded, refers to two minor sanctions aggregating Rs. 214 in connection with the repairs to the Presidency College. The sanction of Government in the Public Works Department should have been applied for with reference to these minor works.

For Works	214	2. The Accountant-General will be instructed in the Financial Department to place a further sum of Rs. 267, as noted in the margin, at the disposal of the Public Works Department from the Educational Budget.

1. The accompanying revised estimate for repairs to the Puzhilly bridge amounts to Rs 7,682.
2. In answer to the original estimate submitted as a basis, and the Consulting Architect explains that his submission of the present revision is necessitated by the Engineer's office having objected to the variations between the work as estimated for in the work as executed. He further adds - 'These variations will always occur in cases of repairs notwithstanding improvement of care & time in the preparation of the original estimate.'
3. The variations are not of much importance, the most striking

I have the honor to submit for sanction a revised Estimate for the repairs to the Presidency College. The revised Estimate and the Original Estimate sanctioned in G.O. No 455W and 172 W dated 20th February and 13th July 1882 amount to exactly the same sum of money Rupees 7,531. The Central Office objected to the variations between the work as executed and the work as estimated hence the necessity for the submission of this document. However accurately a repair Estimate is made out the variations here shown will always occur if the accounts represent truly the actual work executed.
