GOVERNMENT OF MADRAS.

MILITARY DEPARTMENT.

26th February 1883, No. 1266.

Cantonments—Boundaries.

Read the following papers :—

No. 417. *From Lieutenant-Colonel J. EWING, Officiating Quartermaster-General, to Colonel E. L. HANKIN, Acting Secretary to Government, Military Department; dated Fort St. George, 30th October 1882, No. 8720.*

I have the honor, by order, to submit, for the favorable consideration of Government, the proposal contained in the correspondence as per margin for the extension of the Cantonment of Pallavaram, so that the rifle ranges and the ground usually occupied by troops from Madras as an encamping ground while going through their annual course of musketry practice, may be included within its limits.

2. His Excellency the Commander-in-Chief considers it essential that the chuttrum and tank on the land should be acquired with it, and their value has been included in the approximate estimate of Rs. 2,000 made by the Civil Authorities as the amount of compensation payable for the whole.

3. I am to note that the so-called travellers' bungalow, which is marked on the plan and mentioned in the correspondence, is now disused and in the hands of the Public Works Department by whom it is placed at the disposal of troops using the ranges as a store room.

From Colonel A. R. GLOAG, Officer Commanding Eastern District, to the Quartermaster-General; dated Fort St. George, 21st August 1882, No. 236-G.

Letter No. 39 of 12th June 1882, from Officer Commanding Pallavaram, proposing the extension of the Cantonment boundaries.

Letter No. 517 of 21st July 1882, from the Deputy Collector, Chingleput District, giving particulars as to compensation, owners and probable cost.

Letter No. 3477 of 5th August 1882, from the Collector, Chingleput District, regarding compensation, and proposing exclusion of tope, chuttrum, tank and bungalow from the proposed extension.

I have the honor to forward the documents as per margin regarding a proposed extension of the Pallavaram Cantonment, so as to include within cantonment limits the ranges and the site generally occupied by the Native troops as a camping ground when going through their annual course of target practice.

2. I consider that the proposed extension, including the attachment of the chuttrum, tope, tank and bungalow, would be an advantage in every way, placing as it would the ranges and the camping grounds entirely under Cantonment Rules and Regulations and thus preventing travellers and others from defiling a site which, from its proximity to the range and general surroundings, is undoubtedly well fitted as a camping ground for troops.

From Brigadier-General R. C. STEWART, C.B., Commanding Eastern District, to the Quartermaster-General; dated Fort St. George, 25th October 1882, No. 330-G.

With reference to your letter of 7th September 1882, number and subject as per margin, I have the honor to report that the Officer Commanding Pallavaram, in his letter No. 39 of 12th June, proposes the extension of the Cantonment of Pallavaram, so as to take in the whole of the ground on which the Musketry Ranges are situated and also that portion on which troops coming up from Madras generally encamp.

2. The troops, as a rule, encamp on a piece of ground close to the public bungalow, taking advantage of a tope, well and chuttrum which are on the ground.

3. This piece of ground, with all its belongings, is the property of Vanugopaul Naidoo, the remainder of the land proposed to be included within the limits of the cantonment is waste land, the property of Government.

4. The Civil Department were requested to ascertain what amount of compensation would be required by the owner of the tope, &c., in case of Government requiring the land.

5. The actual amount of compensation cannot be stated, but it is roughly estimated that the sum of Rs. 2,000 will, in all probability, cover the total expenses of purchase—this is as close a rough estimate as possible—no correct estimate can be furnished until Government sanction the land being taken up. The land would be taken up under the Land Acquisition Act of 1870.

No. 418. With report from Controller of Mily. Accounts, 16th. Nov. 1882, B.

No. 6204.

Referred to the Revenue Department for information as to whether any objection exists to the proposed extension of the Cantonment of Pallavaram.

(By Order.)

FORT ST. GEORGE,
18th November 1882.

(Signed) E. L. HANKIN, Colonel,
Ag. Secretary to Government.

No. 419. Proceedings of the Madras Government, Revenue Department, dated 16th February 1883, No. 706.

Read again endorsement of the Military Department, dated 18th November 1882, No. 6204.

Read also the following Proceedings of the Board of Revenue, dated 10th February 1883, No. 1136-Mis.

Read endorsement of Government, Revenue Department, dated 29th November 1882, No. 4012-Mis.

Read also the following letter from the Collector of Chingleput, dated 23rd January 1883, No. 42.

In returning the enclosures which accompanied the Proceedings of the Board of Revenue, "Reference" on Government Register No. 4031 of 1882, I have the honor to state that I have no objections to offer to the proposed extension of the Pallavaram Cantonment.

2. I do not agree with the late Acting Collector in the view expressed by him in regard to the taking in, by the Military Authorities, of the chuttrum and tope. The chuttrum is a dirty tumble-down place, and it seems to me to be of little, if any, use. It is highly desirable that the whole thing should be made over to the Military Department and brought within the scope of the Cantonment Rules.

3. I do not think that, if the chuttrum is taken up under the Land Acquisition Act, Venugopaul Naidoo, if found, or his heirs or assigns, will be willing to build

another, but if it is finally decided that the proposal now under consideration is to be carried out in its entirety, I do not think that there will be any trouble in finding a fresh site.

4. It is desirable that the acquisition, if deemed necessary, should be made under the Act. Doing this will prevent any future complications. I can, in a very short time after receiving the necessary instructions, send in the draft notification and the matter can be speedily and satisfactorily disposed of.

5. It will be observed that the General Charge Deputy Collector is of opinion that both the Tannipandal and Chuttrum Inams are liable to resumption. If they are, and it is determined to take them into the cantonment, they can be resumed, and their value, regarding which there will be no dispute, can be made over to the Local Fund Board for investment on account of some of the dispensaries of the District or the Local Fund Chuttrum at Chingleput.

Resolution.—Submitted to Government (with copy of Board's reference to the Collector) in reply to G.O., Miscellaneous No. 4012, dated 29th November 1882.

2. The Board accept and support the Collector's proposals.

Order.—Ordered that the Board's Proceedings be communicated to the Military Department with the intimation that no objection exists to the proposed extension of the Cantonment of Pallavaram.

(True Extract.)
