me a great favor.

Forwarded through the
Supt Engineer's Circle -
I think it needful for me
to add anything to the uni-
-formly favorable testimony
to Mr Ellis here to borne
by all the officers to whom
he is known.

to be Sir
Your most Obedt.

Asst Eng.

There is one point regard-
-ing his position as Honorary
Assistant Engineer to which I
wish to take this opportunity
to draw attention and that is
"that" the social status of
the recipient of that Honorary
rank can hardly be said to
have been improved whilst
he is not even allowed to
travel 1st class by Railroad.
