Order--dated 6th March 1883, No. 716 W., Public Works.

On reconsideration the Government agree with His Excellency the Commander-in-Chief that the cost of the Sapper Lines at Octacumund now under construction should not fall on the grant for Military Works, but as the barracks are to be of a permanent character and it would be impossible to contribute the charge to the works on which the Sappers will be employed, the project will be treated as one of general Provincial necessity, and sanctioned accordingly.

2. The sanction accorded in G.O., No. 442 W., dated 24th February 1883, will now be registered as Provincial No. 255 W. of 1882-83 and classified as Civil Buildings, Original Works, and Imperial Register No. 442 W. of 1882-83 will be cancelled.

3. The allotment of Rs. 10,000 under Military Original Works, sanctioned in G.O., No. 175 W., dated 16th January 1883, is withdrawn and credited to the reserve with Government under the same head, and the entry of Rs. 7,500 on account of this work in the Military Budget for 1883-84 will be cancelled.

4. An appropriation of Rs. 10,000 is now made from the Provincial Reserve to cover expenditure during the current official year, and the Superintending Engineer will apply for funds required during the coming year as soon as possible after the 1st April 1883.

5. Ordered that a copy of these Proceedings be forwarded to the Government of India in the Military Department for confirmation to the transfer of Imperial Funds now authorized.

No 1442 Wap 9 Feb 83) and the question now raised should apparently have been put forward by the Military Dept when returning the documents, which were approved both by H.E. the Commander-in-Chief and Government in the Military Department without comment as regards incidence of cost.
