READ—the following paper:—

No. 910 T.C.

Report by the Superintending Engineer on the Estimate for improving and repairing the Deputy Collector's Outcherry with out-houses at Ariyalur, in the Trichinopoly District.

	rs.
Improving Outcherry	2,170
Repairing out-houses	736
Total ...	2,906

2. The present roof of the Outcherry is a tiled one, consisting of palmyra couples, collar pieces, reapers, and covered with flat and pan tiles and ridge ventilator. The timber used for the work is of an inferior description, and the roof has consequently sunk and bent by the weight over it; the tops of walls are cracked, &c., and the roof leaks, and is not in a safe condition. The Deputy Collector has had to vacate his Court-room.

	rs.
Valuation of the Outcherry	2,700
Do. of the out-houses	410
Total ...	7,100

3. The estimates have been prepared by the Executive Engineer at the request of the Collector, and provide for reconstructing the main roof with teak-wood trusses with ridge ventilators, dais with wooden railings for the Magistrate, and also witness and prisoners' boxes, and shifting tiles with half new flat and one-third new pan tiles, and chunam borders, &c., to the roof and plastering the walls, &c., wherever required to out-houses.

4. The rates entered in the estimate are considered fair.

5. The improvements and repairs to the buildings exceed one-fourth of the value shown on the books; therefore the work is now classed as "Original."

6. The work is recommended for sanction, and could be completed in seven months after funds are allotted.
