GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General Account.

No. 49.

READ—the following letter from Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, Fifth Circle, to the Chief Engineer, Public Works Department, dated Chepauk, 3rd March 1883, No. 4278 :—

I have the honor to report that a sum of Rs. 400 is surrendered from the grant of Rs. 3,820 in the Budget, Item No. 30, for constructing a Subsidiary Jail at Mannárgudi, in the South Arcot Division. The estimate of Rs. 6,660 sanctioned in G.O., No. 1063 W., dated 28th April 1882, includes Rs. 400 for a latrine ; but this building is not now required, as directed in G.O., No. 2440 W., dated 20th September 1882.

2. I have also to surrender Rs. 1,025 from the grant for a Sea Customs Office at Porto Novo under Civil Buildings, Provincial, and Rs. 1,000 from the Head Sluice over the Morkanum Supply Channel under Imperial Other Services, Civil Buildings, Salt Works, sanctioned in G.O., No. 1705 W., dated 7th July 1882, as the Executive Engineer states that he cannot get the money expended.

No. 50.

ORDER—dated 8th March 1883, No. 745 W., Public Works.

Under the circumstances explained in the Superintending Engineer's letter recorded above, the amounts therein surrendered are credited to the Reserve with Government under the respective heads, viz., Rs. 1,425 under Provincial, Civil Buildings, Original Works, and Rs. 1,000 under Imperial Other Services, Civil Buildings, Salt.

" Consulting Architect to Government, dated 20th May 1882, No. 151.

No. 45.

ORDER—dated 7th July 1882, No. 1705 W., Public Works.

In the papers now read the Superintending Engineers of the several Circles and the Consulting Architect have applied for funds on account of incomplete works of 1881-82, and for certain new works which have been sanctioned but not yet commenced, and which they recommend for execution during the current official year 1882-83.

2. There are no funds under Military Reserve to appropriate for Item No. 1 in the statement accompanying this resolution, and the work will have to stand over until it is seen what sums Superintending Engineers propose to resign from the grants assigned in the budget for A Class works. Funds to complete Item No. 2, constructing lines at Sámalkót for a detachment of Native Infantry, have been provided in the revised budget lately submitted to the Government of India for sanction.

3. The appropriation of Rs. 2,772 required to complete constructing a head sluice, &c., across the Markanam Brine Channel, Item No. 5 of the statement, has been met by reappropriation, subject to the approval of the Government of India, from the allotment provided in the budget for huts for two Head Constables and nineteen Constables at Agastiampalle in the Negapatam Division (Item No. 7 of Budget), and which has been resigned by the Superintending Engineer, Sixth Circle, in his No. 521 T.J., dated 22nd June 1882.

4. Funds for Police works costing less than Rs. 2,500 each are appropriated from the budget provision, Item No. 36, and funds for Registration Offices are granted from the provision in the budget for such buildings, Item No. 45.

5. Appropriations applied for sums less than Rs. 500 in each case are omitted in the statement accompanying this resolution, as under Code, paragraph 1730, Clause III, funds are unnecessary in such cases.

6. Appropriations applied for works entered in the budget as Class B are also omitted in the statement, and such works should be taken up separately and reported on by Superintending Engineers if they consider that any of the works should be commenced during the current year.

The several sums appropriated are shown in Column No. 10 of the accompanying statement.

Funds on account of —. Orders appropriating —, and for certain new works which have been sanctioned but not yet commenced.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

No. 103.

READ—the following letter from Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, Fifth Circle, to the Chief Engineer, Public Works Department, dated Chepauk, 26th January 1882, No. 340:—

I have the honor to submit, for sanction, a revised estimate of Rs. 7,340 for constructing the Subsidiary Jail with outhouses at Mannárgudi in the South Arcot District. An estimate of Rs. 4,450 was sanctioned in G.O., No. 766, of 18th March 1875, but the Collector has written that he considers it to be very necessary that there should be a wall round the compound, a well, and a door at the north-east corner of the cutcherry.

2 Plans.
1 Detailed Estimate.
2 Abstract Estimates.
1 Report.
1 Specification.
1 Comparative Statement.

2. The total excess over the original estimate is Rs. 2,890, and is explained thus:—

On account of new items provided at the request of the Collector—

	Rs.
Compound wall	1,830
Well	120
Store-sheds and compensation for land	65
Total ...	2,015
Additional work	344

and the balance is made up in increase of rates. Some of the rates allowed in the original estimate sanctioned in March 1875 are now found insufficient, and they have been revised in accordance to the prevading rates, thus:—

	From	To
Brick in chunam, per 100 cubic feet	12·5	15·06
Tile roofing, square	12·81	16·31
Paving with 3-inch square tiles, square	5·29	9·44
Asphalting, square	19·12	23·14

There has also been extra work to be provided, the principal items being—

In the main building, owing to mistakes and omissions in the first estimate—

	Original Quantity.	Revised Quantity.
Brick in chunam, cubic feet	3,511½	3,584
Cut-stone work, do.	88½	147
Teakwood work, do.	200	218

Covered way; in increasing the width—

Teakwood work, cubic feet	28·33	50
Roofing, square	4·20	7·60

Order—dated 11th February 1882, No. 378 C.

Referred back to the Superintending Engineer, Fifth Circle, with request that he will explain the necessity for a covered way, and state the difference of cost between agate polished chunam and chunam not so polished.

(By Order.)

(Signed) ROSS THOMPSON, Lieut.-Col., R.E.,
Ag. Dy. Chief Engineer.

No. 103-A.

READ—the following letter from Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, Fifth Circle, to the Chief Engineer, Public Works Department, dated Chepauk, 5th April 1882, No. 68 :—

In reply to your endorsement, No. 378, of the 11th February 1882, I have the honor to explain that the covered way is stated by the Executive Engineer to have been approved of in G.O., No. 2, of the 1st December 1874, and sanction was given in G.O., No. 766, of the 18th March 1875. The plan was drawn originally as if the jail wards were to be on the same level as the cutcherry, but in reality the site for the jail is about 7½ feet lower. The width of the passage was then increased in giving the necessary height.

1 Endorsement, No. 378 C., of 11th February 1882, with its nine enclosures.
1 Sketch.
1 Abstract Estimate.

2. I attach a sketch of another form of passage which I think is more suitable, and which will cost Rs. 540 instead of Rs. 610. The difference between the polished chunam provided in the estimate and chunam not so polished is Rs. 2 per square, or the total difference is Rs. 70, which may be deducted from the estimated amount. The amended estimate, if these alterations are approved, becomes Rs. 2,720 as per abstract enclosed.

No. 104.

ORDER—dated 28th April 1882, No. 1063 W., Public Works.

The revised estimate for constructing a Subsidiary Jail with out-houses at Manárgudi, in the South Arcot Division, which has been reduced from Rs. 7,340 to Rs. 6,660, by the omission of the proposed covered way, considered unnecessary, and the substitution of ordinary for polished chunam, is sanctioned for the latter amount.

2. The original estimate for this work, sanctioned in G.O., No. 766, dated 18th March 1875, amounted to Rs. 4,150.

3. The expenditure up to the end of the last official year amounted to Rs. 2,578, and a provision of Rs. 3,820 has been made for the work in the Provincial Budget for 1882-83. The balance required to complete will be allotted, on application, from the Provincial Reserve.

4. This sanction has been registered as Provincial No. 9 W. of 1882-83 and classified as Civil Buildings, Original Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

No. 158.

READ—the following papers :—

From J. W. RUNDALL, Esq., Superintending Engineer, Second Circle, to the Chief Engineer, Public Works Department, dated Camp, Bezvada, 5th August 1882, No. 440 N.L.

I have the honor to forward herewith a revised estimate for the Kandukúr sub-jail, amounting to Rs. 12,325, together with a comparative statement and explanatory memorandum by the Executive Engineer and two reports.

1 Estimate.
1 Abstract Estimate.
1 Comparative Statement.
1 Explanatory memorandum.
2 Reports.

2. If the Executive Engineer's proposition be accepted, and the unfinished latrine be converted into a ryots' shed, only Rs. 350 more than the present sanction will be required to complete the building.

3. As far as my experience goes numerous latrines have been constructed throughout the Presidency in connection with these Cutcherries which are never used, nor can they be used unless an establishment is maintained to keep them clean. There are still many Cutcherries on the standard plan to be built in various districts, and I would suggest district officers being called on to report whether it is necessary to continue building latrines which are never used.

No. 608 E.

Referred to the Judicial Department for approval, and for consideration whether the ryots' shed may be omitted as suggested, the latrine being finished off to serve as such.

(By Order.)

(Signed) ROSS THOMPSON, Lt.-Col., R.E.,

No. 158-A.

G.O., dated 8th September 1882, No. 892, Judicial.

READ—the following Proceedings of the Board of Revenue, dated 2nd September 1882, Miscellaneous No. 6818 :—

Read—Office memorandum from the Acting Under Secretary to Government, Judicial Department, dated 25th August 1882, No. 810.

Resolution—dated 2nd September 1882, Mis. No. 6818.

The Board agree with the Superintending Engineer. The construction of latrines is generally unnecessary considering the small number of prisoners usually confined in sub-jails, and it is believed that such buildings are but rarely used for the purpose for which they are intended.

(True Extract.)

(Signed) E. GIBSON,
Acting Secretary.

Order—dated 8th September 1882, No. 892, Judicial.

Approved and transferred to the Public Works Department, with reference to endorsement in that Department dated 21st August 1882, No. 608 (returned).

(By Order.)

(Signed) G. S. FORBES,
Acting Under Secretary.

No. 159.

ORDER—dated 20th September 1882, No. 2440 W., Public Works.

The proposal to finish off the partly built latrine at the Kandukúr sub-jail, Nellore District, to serve as a ryots' shed, having been approved in the Judicial Department, the building provided for in the estimate for the latter purpose need not be constructed. The excess over the original estimate, sanctioned in G.O., Judicial Department, No. 1488, dated 11th August 1874, will thus be only Rs. 350, and this can be dealt with by the Superintending Engineer under paragraph 293, clause (*e*) of the Public Works Code.

2. The Proceedings of the Board of Revenue, communicated with the foregoing endorsement from the Judicial Department, will be communicated to all Superintending Engineers for information and guidance.
