GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General Account.

No. 88.

READ—the following paper :—

From the Acting Examiner of Public Works Accounts, dated 5th March 1883, No. 39 E.W.

The accompanying extract from the Audit Note on the Harbour Works Accounts for the month of November 1882 is herewith forwarded to the Chief Engineer, Public Works Department, for information and such action as he may deem necessary.

2. The Executive Officer has mistaken the orders of Government on the point. They are that articles of native manufacture shall be purchased and used in preference to imported articles when suitable for the purpose for which required, and when the price is not greater than that of imported articles, *vide* Government of India's Circular No. 10, Public Works, of 1881.

No. 89.

Order—dated 12th March 1883, No. 800 W., Public Works.

The Examiner's view is correct.

2. The Acting Superintendent has overlooked the difference between articles of local manufacture, which are always to be used when practicable without extra expense or loss of efficiency, and imported articles purchased in the local market, the use of which is prohibited without special sanction.

3. The amount and price of the stores referred to in the present correspondence should be reported.

Extract of Audit Note on the Accounts of Harbor Works Division for the month of November 1852.

P. W. D. Madras.
Form No. M 63 b—Inner Sheet.

Remarks by Examiner.	Replies by Executive Engineer.	How disposed of
× × × × × ×	× × × ×	× × × ×
In Audit Note for September 1851. it was pointed out for future guidance that if it was found necessary to purchase European Stores in the Local Market instead of obtaining them on Indents on the Secretary of State for India the previous sanction of Government to the purchase should be obtained— Enquiries if Sanction was obtained for the purchase of 100. Tons of best Steam Coal as also for the Dynamite Exploder, and Dynamite. Invites attention to G.O. No. 3164 M. dated 1st December 1852. which also bears on this same subject. Sd. C. Brown. Dy. Examiner P.W. Accts. Madras.	I am under the impression that many Govt. orders of the past two years have ruled quite otherwise and have directed one to purchase Stores either Native or European as much as possible in the local market, except when the cost would be absurdly higher than that for Stores purchased through Secretary of State. It was not therefore thought necessary to obtain special sanction of Government for purchase of 100 Tons of Coal and for Dynamite &c. Apparently I have not received G.O. No. 3164. M. of 1st December 1852. Sd. H. St. P. Beardmore. Superintendent Harbor Works.	Extract sent to the Chief Engineer, Public Works Department, for information and such action as he may deem necessary. It is not contended that such supplies, (as doubt emergently needed) should necessarily be got from Europe, but if it were that when locally procured the sanction of the Local Govt. should be obtained. Sd. H. Rainier. Secy. Govt.
