design toward building.

Inspector General of Registration

P.S.

No. 2911. *Reg. Office*

The last inspection of this office was made by the late Inspector General in the month of December 1877. The office is held in the Verandah of the Deputy Tahsildar's Cutcherry. A more unsuitable and inconvenient place could not have been selected. The records are kept in a small dark room adjoining the Verandah. There are two almirahs. The records were labelled and well arranged. A new office is urgently needed, especially as Registration is rising and parties should be afforded facilities, which cannot, under the existing arrangements, be given.
