THE *Chief Engineer*

P. W. D.

Madras.

Sir,

Enclosures.

I have the honour to report that a thatched shed, valued at Rs. 50, at Streerungarajapalliam, in the Cuddalore District was demolished in December last, under orders given by the Supt. Engineer.

2. The shed was in ruins and was not worth repairing; and it was considered advisable to make the best use of the materials, rather than to allow the building to fall down and the wood work to be destroyed by ants.

3. The orders of Government not obtained, as the shed was

public building" in the sense of para
403 of the P.M. Code.

4. As, however, the Examiner thinks
that the sanction of Government is neces-
-sary, I request that the action taken
by the Superintending Engineer in
respect to the above building be approved

I have the honor to be
Sir
Your most obedt. servant
