- 2 Do. do. Prisoners' Latrine.
- 2 Do. do. Compound wall.
- 1 General Abstract.
- 1 Abstract in duplicate.
- 1 Executive Engineer's Report.
- 1 Superintending Engineer's Report.

I have the honor to forward, for your approval, a revised estimate for the Allūr Sub-Magistrate's Cutcherry.

2. There is, as explained in the report, a saving of Rs. 2,170 on the original estimate for this work.

No. 158.

ORDER—dated 21st March 1883, No. 913 W., Public Works.

The revised estimate, amounting to Rs. 4,700, for alterations and improvements to the Sub-Magistrate's Cutcherry at Allūr, in the Nellore District, is sanctioned.

2. The present estimate is less by Rs. 2,170 than that for Rs. 6,870, sanctioned in G.O., Judicial, No. 1488, dated 11th August 1874, and the decrease is due chiefly to the omission of a ryots' shed and latrine, which are considered unnecessary by the Collector and the Executive Engineer.

3. This sanction has been registered as Provincial No. 276 W. of 1882-83 and classified as Civil Buildings, Original Works.

READ—the following papers:—

From J. W. RUNDALL, Esq., Superintending Engineer, Second Circle, to the Chief Engineer, Public Works Department, dated Camp, Bezvāda, 5th August 1882, No. 440 N.L.

I have the honor to forward herewith a revised estimate for the Kandukūr sub-jail, amounting to Rs. 12,325, together with a comparative statement and explanatory memorandum by the Executive Engineer and two reports.

- 1 Estimate.
- 1 Abstract Estimate.
- 1 Comparative Statement.
- 1 Explanatory memorandum.
- 2 Reports.

2. If the Executive Engineer's proposition be accepted, and the unfinished

latrine be converted into a ryots' shed, only Rs. 350 more than the present sanction will be required to complete the building.

3. As far as my experience goes numerous latrines have been constructed throughout the Presidency in connection with these Cutcherries which are never used, nor can they be used unless an establishment is maintained to keep them clean. There are still many Cutcherries on the standard plan to be built in various districts, and I would suggest district officers being called on to report whether it is necessary to continue building latrines which are never used.

No. 608 E.

Referred to the Judicial Department for approval, and for consideration whether the ryots' shed may be omitted as suggested; the latrine being finished off to serve as such.

Read—Office memorandum from the Acting Under Secretary to Government, Judicial Department, dated 25th August 1882, No. 810.

Resolution—dated 2nd September 1882, Mis. No. 6818.

The Board agree with the Superintending Engineer. The construction of latrines is generally unnecessary considering the small number of prisoners usually confined in sub-jails, and it is believed that such buildings are but rarely used for the purpose for which they are intended.

Proceedings of the Madras Government, Judicial Department,
11th August 1874.

No. 73. Read the following letter from R. SMITH, Esq., District Engineer, Nellore, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, Fort St. George, dated Nellore, 16th July 1874, No. 29 :—

I have the honor to submit, for sanction, the plans, estimates, specifications, and site-plans, marginally noted, for altering and adding to the under-mentioned Cutcheries, with the view of carrying out the recommendations of the Subsidiary Jail Committee embodied in G.O., No. 1059, dated 3rd July 1868.

The buildings are entered in the order of precedence in which the Collector considers the improvements should be executed :—

Darsi.
Kavali.

Ongole.
Addanki.
Allar.

2. The six new Cutcheries* proposed by the Committee are under construction and the improvement of the Gudur Cutcherry, as suggested by them, is being carried out. The Subsidiary Jails at Nellore and Sriharikottah have not been estimated for, as the former will be

included in the estimate for the Collector's Cutcherry, and, with reference to the latter, it has been decided to build a new Cutcherry at Kotah, instead of improving the existing structure at Sriharikottah.

3. The original estimates for the buildings enumerated in paragraph 1 were forwarded to the Inspecting Engineer last year and returned by him for revision. The remarks of that officer have been duly attended to in the preparation of the designs and estimates now submitted. The accompanying estimates differ, however, considerably from those previously forwarded, as they provide for out-houses and compound walls according to the revised standard plan circulated with G.O., No. 1014, dated 20th April 1874.

Transferred to the Judicial Department with a list showing for each Cutcherry the estimated outlay under the main heads of the estimate, the previous outlay up to the end of the last official year, and the balance to be provided. A clerical error in the estimate for the Addanki Cutcherry has been corrected in the list.

Draft order sub-

as the present estimate

one, & the omission of
the Rs. to the Rs. of estimate
has already been approved
by the Collector & authorized
by Govt (vide G.O. No. 746 W

be considered unnecessary
to return the papers for

With reference to
your inquiry on the
accy. draft order -
it would appear from
many papers I have
seen, that up to seven
or eight years ago
estimates for Civil
Buildings were func-
tioned by Govt in the
Civil Dept concerned,
& transferred to the P.W.D.
for execution -

It will be seen
that even estimates
for improvements to
talug cutleries were
functioned in Govt.

Note of Remarks.

- 1- The accompanying revised estimate for Alterations and Improvements to the Sub-magistrate's bungalow at Alluv, amounts to Rs 4,400—being Rs 2,140 less than the original estimate, Rs 6,540, sanctioned in G.O. No 222 W of the 28th August 1874.
- 2- The reduction in the amount of the estimate, Rs 2,140, has been mainly occasioned by its having been determined that the Dyolished and Establishment & Astrino provided for in the original estimate, should not be constructed. There are besides some other slight deviations from the original in the revised estimate.

3- No Comparative Statement
has been submitted; nor
has the revised estimate
been countersigned by the
collector.
