Westonbury
Entd. in Receipt Regr

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers:-

Endorsement of the Public Works Department, dated 5th March 1883, No. 512, referring to the Annual Superintendent, Public Works Stores for report, endorsement of the Revenue Department, dated 28th February 1883, No. 874, on Proceedings of the Board of Revenue, dated 21st February 1883, No. 1586, embodying letter from the Commissioner of Salt Revenue, dated 2nd February 1883, No. 1143.

As the Board are aware, it is constantly necessary to make small surveys and to run lines of levels in order to the correct preparation of estimates for the construction and repair of channels &c. A good many of the officers of the Department can survey and level, but at present there are no instruments for them to use. There are also no measuring chains in most of the factories, so that lengths of road &c. requiring repair have to be measured by paces, a very inaccurate method. I propose therefore to procure the following supplies

supplies of instruments &c.

Description	For each Assistant Commissioner's Office.	For each Factory Circle.	For each Factory.
Circumferenter	1 - 6	"	"
Level, with staves 12"	1 - 6	"	"
Mathematical Instruments 3 ^d Class } box.	1 - 34	1	8 - 2 ^d Class - None 28 - 3 ^d Class
Parallel Ruler 24"	1 - 6	"	"
Two-foot rule None	1	"	1
Marquois' Scales None	1	1	"
T Square 24"	1 - 6	"	"
Plotting scales	1 - 6	"	"
Colour box None - Stationery Dept.	1	1	"
50-foot Chain	" 50	"	1

2. The total probable cost will be about Rs 2500, as nearly as I can at present calculate. I request sanction to the supply of these articles. Funds to pay for them will be available from General Savings.

Submitted for the sanction of Government.

Referred to the P.W. Department for favor of information as to whether the articles required

required by the Commissioner can be supplied from the Public Works Stores.

2. Endowment of the Public Works Department, dated 12th March 1883, No. 605 C, on letter from the General Superintendent, Public Works Stores, dated 9th March 1883, No. 1989 S.

Enclosures 2.
P.O. Board of Revenue
Letter from Salt Commission-
er.

In returning herewith the papers forwarded for report under Chief Engineer's Endowment No. 512, dated 5th March 1883, I have the honor to observe that the total number of each description of instrument required by the Salt Commissioner is not given in his letter to the Board of Revenue, but in his communications to me. Mr. Whis has given the numbers as noted in pencil on his letter No. 1143 to the Board and these are available.

Transferred to the Revenue Department and the original reference No. 874, dated 28th February 1883, returned.

Order thereon, 15th March 1883, No. 1181.

Ordered accordingly that the Board's Proceedings read above be transferred to the Public

Public Works Department for the issue of the
necessary instructions. The totals noted in
pencil in the letter of the Commissioner
of Salt Revenue have been inked in red for
current reference.
