No. 203.

READ—the following papers :—

From W. R. CORNISH, Esq., F.R.C.S., C.I.E., Surgeon-General with the Government of Madras, to the Secretary to Government, Public Works Department, dated Madras, 27th February 1883, No. 97.

In G.O., No. 2, of 5th January 1883, Educational Department, Government was pleased to refer certain propositions for the enlargement of accommodation at the Medical College to the Government Architect and College Council, and as I have lately seen it stated that Government has sanctioned a sum of money for enlarging the accommodation of the Chemical Examiner to Government, and as this officer is at present provided with accommodation in the Medical College, I have the honor to suggest, for the consideration of Government, that the question of enlarged accommodation for the Chemical Examiner should also be referred to the Government Architect; otherwise, while efforts are being made to improve the Medical College building as a whole, the portion in the occupation of the Chemical Examiner would be, subject to alteration, probably out of harmony with the general design of the projected improvements.

No. 203-A.

From Lieutenant-Colonel W. H. BURTON, R.E., Executive Engineer, Presidency Division, to the Superintending Engineer, Fifth Circle, dated Bangalore, 19th March 1883, No. 5924.

I have the honor to report, with reference to Chief Engineer's No. 515 C., dated 1st March 1883, that I have failed to see the Consulting Architect on the subject owing to his absence from Madras, but that the additions to the Medical College buildings, viz., the completion of the second story by adding three rooms to the present room on that story, cannot but harmonize with the building generally.

2. Moreover, also, it would be most inconvenient at this stage to introduce any material change in the additions, &c., for the chemical laboratory, as I have purchased a large amount of timber and other wood fittings, doors, &c., in order to utilize the grant of Rs. 5,000 recently allotted for expenditure in this official year.

No. 4559.

Endorsement on the above.

Forwarded to the Chief Engineer, Public Works Department, together with the enclosure of his endorsement, No. 515 C., dated 1st March 1883.

ORDER—dated 29th March 1883, No. 960 W., Public Works.

The estimate sanctioned in G.O., No. 89 W., dated 10th January 1883, may be proceeded with on the responsibility of the Superintending Engineer that the design harmonizes with the other improvements to the Medical College now under consideration.

To THE CHIEF SECRETARY TO GOVERNMENT,
Public Works DEPARTMENT.

Sir,
In G.O. No. 2 of 5th January 1883
Educational Department Government was
pleased to refer certain propositions for the
enlargement of accommodation at the Medical
College to the Government Architect and
College Council, and as I have lately seen
it stated that Government has sanctioned
a sum of money for enlarging the accommo-
- dation of the Chemical Examiner to
Government, and as this Officer is at present
provided with accommodation in the
Medical College, I have the honor to
suggest for the consideration of Govern-
- ment, that the question of enlarged
accommodation for the Chemical Examiner
should also be referred to the Government
Architect, otherwise, while efforts are
being made to improve the Medical
College building, as a whole, the portion
in the occupation of the Chemical
Examiner, would be subject to
