GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

No. 220.

READ—the following letter from Colonel J. BEATTY, R.E., Superintending Engineer, Fourth Circle, to the Chief Engineer, Public Works Department, dated Wellington, 27th March 1883, No. 52 C.—E.W. :—

With reference to the proposal to erect a Hoffmann's kiln and drying sheds at Ootacamund, I have the honor to submit herewith a report from the Executive Engineer, Nilgiri Division, on the subject of the land required as a site for the kiln and for a brickfield, and to request permission to purchase the piece colored pink on the plan including the old buildings upon it.

2. The present proprietor is said to have acquired it several years ago, when there was some expectation of the Municipality establishing a sewage farm there. His representatives at Ootacamund now, I am informed, object to part with a portion of the land and ask Rs. 5,000 for the whole. I think that ten acres of the portion colored pink on the plan would be sufficient for our purpose, but it may be as well to take up at the same time the land lying on the other side of the valley up to the Pykara road.

ENCLOSURE.

From J. C. LARMINIE, Esq., Executive Engineer, Nilgiri Division, to the Superintending Engineer, Fourth Circle, dated Ootacamund, 20th March 1883, No. 428.

I have the honor to submit a tracing from the Revenue Survey on which colored pink is the land proposed to be taken up below the lake; the extent is as measured on the survey 12½ acres, and extends from the lake bund as far as a line drawn across the land from the tomb which you considered might be taken as the western boundary. The building known as the old kennels would if taken along with the land be useful as a shelter for the brick-making machine and the engine; its (the building) value is but small.

P.S.—It might perhaps be as well also to take up the land between the Pykara road and the stream, Nos. 21 to 28 shaded ///// the extent is about 2½ acres; an approach road to the kiln, etc., should be from this side.

No. 221.

ORDER—dated 31st March 1883, No. 990 W., Public Works.

Immediate steps should be taken for the acquisition, on behalf of Government, of the land specified, viz., the 12½ acres below the lake colored pink on the survey and

31ST MARCH 1883, No. 990 W., PUBLIC WORKS.

the 2½ acres between the Pykara road and the stream, shaded on the plan. The Collector should proceed under Section 17 of Act X of 1870, submitting meanwhile the declaration needed under Section 6 of the Act.

1 Report &
1 Plan

With reference to the proposal to erect
a Hoffmann's kiln and drying sheds at
Ootacamund, I have the honor to submit
herewith a report from the Executive Engineer,
Nilgiri Division, on the subject of the land re-
quired as a site for the kiln and for a brick-
field; and to request permission to purchase
the piece colored pink on the plan, including
the old buildings upon it.

2. The present proprietor is said to have
acquired it, several years ago, when there was
some expectation of the Municipality establish-
ing a Sewage Farm there. His representa-
tives at Coys row, I am informed, object to
part

part with a portion of the land and
ask Rs. 5000 for the whole. I think that
10 acres of the portion colored pink on the
plan would be sufficient for our purpose,
but it may be as well to take up at
the same time the land lying on the
other side of the valley up to the Pykara
road.
