MILITARY DEPARTMENT.

13th March 1883, No. 1620.

Miscellaneous.

Read the following papers:—

No. 231. *Proceedings of the Madras Government in the Public Department; dated 6th February 1883, Mis. No. 249.*

Ootacamund being now for a considerable part of the year the seat of Government, the Governor in Council considers it very desirable that a time-gun should be fired daily at noon, the services of the sepoys who are at the station during part of the year being utilized for the purpose; or, if it be preferred, an arrangement might be come to with the Municipality for having the gun fired, the Telegraph Office supplying the time.

2. The necessary application will be made to the Government of India by the Military Department, with reference to the General Orders of that Government on the subject, dated the 20th September 1871. On their sanction being obtained, the gun will be procured from the Arsenal. It should be placed somewhere near Brecks' School.
