GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following papers :—

From G. T. WALCH, Esq., Officiating Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Cocanada, 16th November 1883, No. 2466 G.D.

In forwarding, herewith, copy of letter, No. 416, dated 9th October 1883, from the Executive Engineer, Central division, Godávari, I have the honor to inform you that, when the Central delta was a sub-division under the Eastern division, Godávari, there were one clerk, 4th class, 3rd grade, one messenger and three lascars attached to the sub-division office on the permanent establishment.

2. The sub-division and division in which the above establishment was employed having been made temporary,* the sub-divisional clerk has been provided with a permanent post in the Eastern division, Godávari, so that he may have a lien on the permanent post while employed in the temporary division (C. division), but the case of messenger and lascars has not yet been settled. I now request you will be good enough to obtain the sanction of Government to treat them as "permanent" in order that their services may be counted towards pension, otherwise they will have been severely punished for no fault.

Enclosure.

From Captain A. R. F. DORWARD, R.E., Executive Engineer, Central Division, Godávari, to the Superintending Engineer, I Circle, dated Gunnaram, 9th October 1883, No. 416.

I have the honor to inform you that when this delta was a sub-division under the Eastern Division Officer there were three lascars and one messenger attached to the sub-division office on the permanent establishment. These lascars and messenger are still employed in this division under the Eastern Sub-division Officer but are now, according to instructions received from the Examiner, treated as "temporary" and do not count their services towards pension. This is so manifestly unfair that I feel sure it has only to be brought to notice to be immediately rectified, and there seems to be no reason why the lascars and messenger should not retain a lien on their original appointments as sub-division lascars in the Eastern division, it being probable that on the completion of the completion Project works this division will again revert to its former condition of a sub-division of the Eastern division.

Office Note from the Examiner, Public Works Accounts, dated 5th December 1883, No. 938.
Do. do. do. „ 3rd April 1884, „ 3.
Do. do. do. „ 9th „ „ „ 25.

ORDER—dated 23rd April 1884, No. 1033 W., Public Works.

The proposal of the Superintending Engineer to treat the messenger and lascars in question as "permanent," irrespective of sanctioned permanent appointments against which they can be counted, is inadmissible; all that can be done is to nominate the men to permanent appointments on vacancies occurring in the circle, and then to detach them for temporary duty under the provisions of section 71 of the Civil Pension Code.

2. The Superintending Engineer will act accordingly.

Please see my Office Note No. 473 dated 8th. August 1873. 2. All that can be done is to bring the men on to permanent appointments, on vacancies occurring in the Circle, and then detach them for temporary duty as was done in the case of the clerks similarly situated. It must however be distinctly understood that no individual can count as service for pension any period during which he has not actually

held a lien on some permanent appointment.

Under this arrangement, there should be no excess over the permanent sanctioned strength - provided

Please state whether such Extra appointments have been made. If so, they will have to be cancelled. In any case, old permanent hands cannot be affected.
