GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

G.O., dated 1st April 1884, Mis. No. 845, Judicial.

Read—the following letter from the Inspector-General of Police, dated 17th March 1884, No. 1351:—

With reference to G.O., No. 494 W., dated 24th ultimo, I have the honor to represent that, as the expediency of keeping this department regularly informed with respect to the expenditure of its building funds has been fully recognised by Government, *vide* their orders, Nos. 2832, of the 5th September 1866, and 3083, of the 26th idem, I did not consider it incumbent upon me to consult the Chief Engineer before directing Superintendents of Police to endeavour to secure the despatch of what is in fact a duly authorised return, but the submission of which, for some reason unknown to me, has been suffered to fall into abeyance by the department whose function it is to furnish it.

2. I respectfully submit that my memorandum does not admit of the construction assigned to it in paragraph 3 of the order under reply; and, as the utility of the measure has long ago been discussed and accepted, I will confine myself to remarking that a return which it has been held that every Local Fund Board is entitled to receive may, without interference with the administrative control of the Public Works Department, be asked for with at least equal propriety by the Inspector-General of Police.

3. The rendering of the information which I solicit is essential to the efficient administration of a large portion of our building funds, and to withhold it is to leave me nearly altogether in the dark as to the progress of some of the most important operations in the budget. I beg, therefore, that His Excellency the Governor in Council will be pleased to accord the subject the benefit of his reconsideration, and I trust that he may see fit to ratify the Government orders to which I have invited attention.

Order—dated 1st April 1884, Mis. No. 845, Judicial.

This letter will be forwarded to the Public Works Department for consideration and remarks.

Acting Assistant Secretary.

ORDER—dated 25th April 1884, No. 1055 W., Public Works.

The Government are not prepared to modify the orders already passed in their proceedings, No. 494 W., dated 22nd February 1884, and do not consider it necessary that the Inspector-General of Police should be furnished with progress reports of works under execution by the Public Works Department.

25TH APRIL 1884, No. 1055 W., PUBLIC WORKS.

2. The orders of 1866, quoted by the Inspector-General of Police, are no longer in force, having been rescinded by the provisions of the Public Works Code.

It is submitted

in force, having been
cancelled by the pro-

carry out work for such
a body, a separate charge
is made for Establish-
ment, and it is nothing
but right that the Board
should be kept acquainted
with the progress of
operations.

Setting aside "better

the Government no more
look to the Inspector
General of Police for
the execution of Public

the Chief Engineer for
the detection of crime.
