GOVERNMENT OF MADRAS.
MILITARY DEPARTMENT.

21st April 1884, No. 1867.

Military Buildings—Hospitals.

Read the following paper :—

No. . From Brigadier-General R. C. STEWART, Quarter Master General,
to Lieutenant-Colonel A. KENNEY-HERBERT, Officiating Secretary to
Government, Military Department; dated Ootacamund, 3rd April 1884,
No. 2220.

The garrison hospital at Trichinopoly having been closed in accordance with O.G., No. 20, dated 7th January 1884, it is found that there is not sufficient accommodation in the present regimental hospital of the 30th Regiment, Native Infantry, for the treatment of details together with the sick of the regiment. The Commander-in-Chief therefore proposes the immediate resumption by the Military Department of the old European hospital building (at present occupied as an office for the Superintending Engineer, * O.G., No. 945-W., dated 12th April 1880. VI Circle,*) which it was His Excellency's intention ultimately to allot for hospital purposes to the two regiments of Native Infantry located in the lines on the new site with reference to which it is most conveniently situated.

2. Should this proposal of His Excellency receive the sanction of Government, he would suggest that the buildings hitherto used as a garrison hospital, in the centre of the cantonment, and that at Puttur, which was formerly used by the Executive Engineer for offices (now, with other buildings, temporarily resumed by Military Department for accommodation of 1st Native Infantry Depot), should be given back to the Public Works Department for offices.

3. These arrangements would involve the removal of the police hospital, at present in part of the old garrison hospital building, to the old Native Infantry hospital, Puttur, a change which is considered desirable.

No. . ORDER THEREON, 21 April 1884, No. 1867.

The proposed arrangements are approved.

2. Ordered that these Proceedings be communicated for the information of the Judicial and Public Works Departments, and for guidance.
