28TH APRIL 1884, No. 1067 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

1067

General.
Establishment.

READ—the following paper:—

Proceedings of the Court of Wards, dated 25th March 1884, Mis. No. 2724.

Read—G.O., dated 22nd February 1884, Mis. No. 858, Revenue.

Resolution—dated 25th March 1884, Mis. No. 2724.

The appended statement A shows the amounts allotted for works in the 36 estates now under the Court of Wards in the present fasli 1293. These are principally irrigation works but include buildings and communications. Statement B shows the works under execution in the Ganjam district, and statements C and D, those in the Ramnad and Gandamanáyakanúr estates of the Madura district.

2. The Court maintains a permanent establishment in four estates only, viz.:—

	Annual Cost.
	RS.
Parlákimedi	18,298
Kangundi	450
Ramnad	5,982
Gandamanáyakanúr	1,692

3. In the other estates the works are executed by petty establishment and no details of the works are in the Court's office.

(True Extract.)

(Signed) G. MACKENZIE,
Acting Sub-Secretary.

Mis. No. 1456, Revenue.

Transferred to the Public Works Department, with reference to the order in this department, dated 13th February 1884, No. 387 W., paragraph 4.

Fort St. George,
2nd April 1884.

(Signed) H. E. STOKES,
Secretary to Government.

Order—dated 28th April 1884, No. 1067 W., Public Works.

With their proceedings recorded above, the Court of Wards submit the information called for in paragraph 3 of G.O., No. 387 W., dated 13th February 1884, in respect to the works under their management.

2. The Court recommended, in their proceedings of the 14th January 1884, No. 96, that the estimates of all estate works should be scrutinised by officers of the Public Works Department, and that the works, on completion, should be examined and passed by them, the Superintending Engineer of the circle having a general control over all estate works within his charge. The actual execution of the works would, it is understood, still remain in the hands of the servants of the Court of Wards, subject only to the "general control" of the Superintending Engineer.

3. The responsibility under such an arrangement would, the Government consider, be somewhat divided. It would be simpler if the works were handed over entirely to the Public Works Department, and the engineering establishment of the Court of Wards placed under the orders of the Executive Engineer or other officer intrusted

with supervision. A contribution of 23 per cent. on outlay might be paid for full professional services, the pay of Court of Wards' subordinate establishments being, however, allowed as a deduction from this contribution. The Superintending Engineer would, under this arrangement, regulate the strength of the subordinate establishment in each case.

4. The Court of Wards will be requested, in the Revenue Department, to state whether they are prepared to accept these proposals.

P. W. DEPARTMENT.

No.173 C dated 24th.January 1884.

1067

C I R C U L A R

The Court of Wards having proposed that all estimates for works in Estates under their supervision should be checked and countersigned by local Public Works Officers, the Government are of opinion that, should this duty be undertaken by Public Works Establishments, it will be proper to charge a certain percentage on the value of works as a contribution to Provincial Funds, to which the Establishment of the Public Works Department is directly chargeable.

2. Superintending Engineers are now requested to favor the Chief Engineer with their opinions as to the amount of the percentage which may be considered fair, having in view the nature of the professional service required. It will be remembered that, for full professional services, including supervision and execution of works, Imperial and other funds are now charged 23 per cent on outlay.

FROM

C. S. Crole Esquire,
Ag Collector of Madura.

TO

J. A. Davies Esquire
Ag Secretary to the Court of Wards
Madras.

SIR,

In continuation of my letters dated 10-5-83 and 31-5-83 noted in the margin, I have the honor to forward herewith a list of works for Rs 20,000 proposed to be carried out in the Gandamanáyakanúr Estate during Fasli 1293 and to state that I shall submit the necessary Estimates for them as soon as I receive them from the Engineer in charge of the works in that Estate. The cost of the existing Maramat Establishment in the Estate amounts to Rs 156 per mensem as per margin besides the allowance of 10 per cent on the actual outlay on works given to the Engineer for

		Rs
1	Overseer	85
1	Writer	15

* in Collr's Prop. No 5004 dt 15-6-83.

his Superviseion. The works shown in the accompanying list will be more than enough I think for the present establishment for Fasli 1293. I cannot therefore propose any further reduction in the existing staff. The Overseer who is now on probation is paid only Rs 65 per mensem. The low expenditure in the current Fasli is chiefly due to (1) the sickness of the late Overseer for more than 3 months and to the examination of his accounts after his death until the compilation of which no work was carried on (2) to the fever that prevailed in the Estate for several months and consequently prevented the Coolies from freely resorting to works in the Varisanad valley. I expect however that there will not be such impediments in Fasli 1293 and hope to utilize the full allotment in the Budget.

2. I also forward herewith a copy of the list submitted by the Engineer showing the particulars of the sums provided

provided in the Budget on account of Maramat Establishment.

I have the honor to be,
Sir
Your most obed.t Servnt

Proceedings of the Court of Wards No. 2724 dtd. d/25 March/24

Endorsement thereon by the Revenue Dept: No. 1456 dtd d/2nd April/24

FOR ORDERS. 1067

With their Proceedings

quoted above, the Court of

Wards submit the informa-

tion called for in para. 3

of G.O. 387W d/13th February/24,

in respect to the works

under their management.

9 What the Court

~~have~~ recommended is that

the estimates of all Estate

works should be scrutinised by officers of the P. W. department, and that the works, on completion, should be examined and passed by them, the Supty: Engineer of the Circle having a general control over all Estate works within his charge. The actual execution of the works would, it is understood, still remain in the hands of the servants of the Court of Wards - subject only to the

FOR ORDERS.

1067/10

"general control" of the Supty: Engineer. 1067

The responsibility under such an arrangement would be somewhat divided. It would be a simpler plan if the works were handed over entirely to the P. W. Department, and the Engineering Establishment of the Court of Wards placed under the orders of the Executive Engineer or other officer entrusted with supervision. A contribution

I think this wd. be the best arrangement & I recommend it to the C. of Wards

H.C.

20/4

6

of 23 per cent on outlay might be paid for full professional services, the pay of Court of Wards subordinate establish- -ments being however allowed as a deduction from this contribution.

The Suptg: Engineer would under this arrangement regulate the strengths of the Subordinate Esta- -blishment in each case.

Should the Court of Wards not be disposed to accede to these proposals,

L067
11

they might be offered the arrangements approved in G.O. 871 of 28th April/80 (Financial). In this case Item (c) should be fixed at 18 per cent.

(a)+(c) would then amount to 23 per cent, the sum considered proper for full professional services.

Read the following:-

Proceedings of the Court of Wards (RE No. 2724 Mis: dt. March 25. 1884)
Endorsement thereon by the Rev. Dept (" " 1456 Mis: dt Apl. 2 ")

With their Proceedings recorded above, the Court of Wards submit the information called for in para 6 of GO. No. 387 W dt 13th February 1884, in respect to the works under their management.

13

The Court recommended in their Proceedings of the 14th January 1884, No. 96, that the estimates of all estate

works should be scrutinised by officers of the P.W. Dept., and that the works, on completion, should be examined and passed by them, the Supty Engineer of the Circle having a general control over all estate works within his charge. The actual Execution of the works would, it is understood, still remain in the hands of the servants of the Court of Wards, subject only to the "general control" of the Supty Engineer.

The responsibility under such an arrangement would, the Government consider, be somewhat divided. It

1067/14

would be a simpler plan if the works were handed over entirely to the P.W. Dept., and the engineering establishment of the Court of Wards placed under the orders of the Executive Engineer or other officer intrusted with supervision. A contribution of 23 per cent on outlay might be paid for full professional services, the pay of Court of Wards subordinate establishments being however allowed as a deduction from this contribution. The Supty. Engr. would, under this arrangement, regulate the strength of the subordinate establishment in each case

The Court of Wards will be requested in the Revenue Dept to state whether they are prepared to accept these proposals.
