NOTE OF REMARKS.

1. The accompanying abstract of estimate and plan provided for additions to the Divisional Office at Berhampore together with the construction of a stable and godown. Amount of estimate is Rs. 2408.
2. The scantlings of common rafters of both main building and out office are incorrect - they should be 3" in breadth and 4" or 4½" in depth.
3. An estimate for effecting certain additions to the office was sanctioned (G.O. No. 2022 D of 18/79) but was not carried out only Rs. 307 having been spent out of the sanctioned amount Rs. 1300 as the Division was changed into a Sub-Div. Now Berhampore has again become the head quarters of a Div. and it is proposed to carry out the original proposal with a few alterations and the addition of an out office. 13th July/83

DOWLAISHWERAM, 24th October 1883

SIR,

from copy
With reference to your telegram of the 10th Instant, I have the honor to submit herewith a statement shewing the additional allotments required under Provincial during the current official year exclusive of Vizagapatam Division the Executive Engineer in charge of which has not yet reported his requirements. I have telegraphed to him to-day for the same and they shall be reported to you immediately on receipt.

I have the honor to be,
Sir,
your most obedient

The scannings seem to me to be wrong, but I need not go into them in detail, as into what seems to me an objectionable arrangement of the building space & other points, inasmuch as funds cannot possibly be found at present for the work. The estimate may therefore be returned unsanctioned, S. E. being informed that note will be taken to the effect that if financial consideration should hereafter sanction will be accorded the desirability of the addition being recognized.

SIR,

Encls. 2

1 Plan

1 Estimate

Rs 2448 in the
estimate.

1/11

I have the honor to forward
herewith Plan and Estimate (Rs 2448)
for additions to the Divisional Office
Building at Berhampore.

2. The present building is a wretched
little poky building quite inadequate
for the accommodation of the Office
Establishment and the records & without
any place whatever for keeping stores &
tools in.

3. Additions very similar to those
now proposed were sanctioned for Rs 1300
in G.O. No 2022 W. 1-8-79 and against this
Rs 307- were spent chiefly in putting
in the foundations & preparing some ma-
terials & the work was then stopped as
the Division became only a Sub Divi-
sion of Vizagapatam.

4. Now as Ganjam is a Division
and more especially in view of there being
much work in it. (e.g. Rushkulia Project)
it is necessary to carry out the additions

posed.

The foundations already put in
will be made use of - but the roof in-
stead of being carried on couples (which
almost always give trouble) as before
intended, will be carried on trusses.

The present estimate also provides
for two small stalls for horses with
two small rooms attached for use &
shelter of office servants & others who
have to remain at the place whilst their
masters are at the office -

I have the honor to be
sir
