To D.W.

For remarks. I have

offered to transfer Mr. Brown for the survey in question, provided the arrangement receives India's approval, which has been applied for by E.R.

I do not however think it possible to lend any Assistant Engineers.

To W.

It would be quite impossible at the present moment to lend an Assist. Engineer to the Railways. The circles are now all short of their proper numbers and it would be unwise to part with any of our available men.

Yes but Mr. Wallworth's services cannot be made available for survey until he is relieved by Mr. Target on return from privilege leave.

Does draft need to be modified?
