GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

READ—the following letter from Brigadier-General R. C. STEWART, Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 9th April 1884, No. 2472 :—

I have the honor, by order, to forward, for sanction and transfer to the Public Works Department for disposal, the plan and estimate below mentioned, which have been approved by the Commander-in-Chief. The plan and estimate have been countersigned.

Plan and estimate, amounting to Rs. 500, for the construction of a cistern in which to collect the waste water from the wash-houses of the European Infantry Barracks at Bellary, and two carts with barrels for carrying away the same, as recommended by the Committee in the Proceedings, enclosed.

2. In consequence of the nuisance caused by the lodgement of the waste water at different parts of the open drains leading from the wash-houses of the barracks in question, a committee was assembled, which proposed two plans for remedying the same —one the extension of existing drains, at a cost of Rs. 3,780, and the alternative scheme now submitted for constructing three cisterns to be emptied by pumps and contents carried away in carts in the barrels at an aggregate expenditure of Rs. 1,500, for which sanction is now sought. Both the Executive Engineer and Brigadier-General Commanding Ceded Districts consider this plan the better of the two. It is proposed to use Government cattle to work the carts.

3. As the work is urgently required, I am to request the necessary funds may be allotted to allow of its being at once taken in hand.

No. 1765, Military.

Approved and transferred to the Public Works Department, for issue of the necessary orders.

(By Order.)

OOTACAMUND,
12th April 1884.

(Signed) A. R. KENNEY-HERBERT, Lieut.-Col.,
Offg. Secretary to Government.

ORDER—dated 6th May 1884, No. 1125 W., Public Works.

The estimate, amounting to Rs. 1,500, for constructing three cisterns to receive the waste water from the wash-houses of the European Infantry Barracks at Bellary, is sanctioned.

2. The Superintending Engineer will include the work in his statement of demands against the reserve under Military.

3. This sanction has been registered as Imperial Ordinary No. 4 W. of 1884-85, and classified as Military Original Works.

No. 2472.

From

THE QUARTERMASTER-GENERAL,

To

THE SECRETARY TO GOVERNMENT,
MILITARY DEPARTMENT.

SIR,

I have the honor, by order, to forward for sanction and transfer to the Public Works Department for disposal the Plan and Estimate below mentioned, which has been approved by the Commander-in-Chief. The Plan and Estimate have been countersigned.

Plan and Estimate amounting to Rs: 500/ for the construction of a cistern in which to collect the waste water from the Wash-houses of the European Infantry Barracks at Bellary and 2 carts with barrels for carrying away the same as recommended by the Committee in the Proceedings enclosed

2. In consequence of the nuisance caused

caused by the lodgement of the waste water at different parts of the open drains leading from the Wash houses of the Barracks in question, a Committee was assembled which proposed two plans for remedying the same— one the extension of existing drains at a cost of Rs: 3780, and the alternative Scheme now submitted for constructing 3 cisterns to be emptied by pumps and contents carried away in Carts in the barrels at an aggregate expenditure of Rs: 1500 for which sanction is now sought. Both the Executive Engineer and Brigadier General Commanding Coast Districts consider this plan the better of the two. It is proposed to use Government Cattle to work the Carts.

3. As the work is urgently required, I am to request the necessary funds may be allotted to allow of its being at once taken in hand

I have the honor to be
Sir
Your obedient Servant

Brig.r Genl.
Quarter Master General.

Current No. 3272

Letter No. 1765

Dated the 12th April 85

From the Mil. Engr. Ceylon

NOTE OF REMARKS.

1. The accompanying plan and estimate provide for constructing a cistern to receive the waste water from the wash houses of the European Infantry Barracks at Bellary. The estimated amount, including the price of 2 carts and 2 casks, is Rs. 500.

2. The dimensions of cistern at floor are 30 ft. x 10 ft. The depth is 2½ ft. The walls are 1½ ft. wide at bottom and 1 ft. at top. The masonry is to be stone in mortar; the flooring is to be of granite slabs; and the pointing is to be of Portland cement. 2 pumps, at Rs 100 each, are also to be provided.

1125/W

3. Subject to approval, from the Qr. Mr. Genl's letter it may be inferred that the plans and estimate now submitted are standards on which it is intended to build 3 cisterns, so that the sum requiring sanction is Rs. 500 x 3, or Rs. 1,500. The point is not clear.

4. The plans and estimate have been countersigned by the Qr. Mr. General.

29th April/84
