READ—the following papers :—

From Lieutenant-Colonel P. MONTGOMERIE, R.E., Superintending Engineer, Tank Maintenance Scheme, to the Chief Engineer for Irrigation, dated Chepâk, 28th January 1884, No. 121 T.

With reference to paragraph 2 of G.O., No. 11 I., dated 7th January 1884, I have the honor to request you will be so good as to obtain the sanction of Government to the temporary subordinate and office establishments required for next year as specified in the accompanying list.

I propose to raise the salary of the second clerk of my office from Rs. 50, 3rd class, 3rd grade, to Rs. 80, 3rd class, 1st grade, per mensem. I think this increase of pay is necessary as the work in the office is much increased. I may also add that even with the proposed increase he will draw less salary than the second clerks of other Superintending Engineers' offices, viz., Rs. 100 to 120.

I also propose to have an additional clerk on a salary of Rs. 30 to 40, 4th class, 2nd grade, both of which I request you will be so good as to sanction.

No. 20 E.W.

Endorsement on the above.

Forwarded to the Chief Engineer, Public Works Department, with a recommendation that the temporary upper subordinate and office establishments required for the Tank Maintenance Scheme for 1884-85, may be sanctioned.

2. The proposed scale of establishment involves an excess of Rs. 824 over the amount provided in the budget estimates for 1884-85, but this excess may be met by reappropriation in due course.
