GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers :—

From Major J. L. L. MORANT, R.E., Officiating Consulting Architect to Government, to the Chief Engineer, Public Works Department, dated Chepâk, 8th April 1884, No. 37.

I have the honor to state that on the receipt of G.O., No. 481 W., dated 21st February 1884, sanctioning the purchase of additional land on which to erect stables for the officials of the postal and telegraph departments, I requested the Deputy Collector to take the necessary steps for acquiring the same, that officer having previously stated that it could be acquired for Rs. 3,000. I herewith forward his reply, from which it will be seen that the acquisition of the land will involve an expenditure of Rs. 3,610, instead of Rs. 3,000 as he originally estimated.

2. I, on receipt of the Deputy Collector's letter, addressed the Collector, and enclose his reply, in which he states that the land is worth more than Rs. 3,000.

3. The acquisition of the land (on which to construct stables for the post and telegraph offices or any other Government building) is a matter of urgent necessity, as hardly any land is available in that part of Madras for Government purposes, and the post and telegraph officers will have to be provided with stables built on this or on some other site.

4. I have therefore the honor to solicit early orders may be given me on the subject.

ENCLOSURES.

From M.R.Ry. P. RAGOONATHA ROW, Dewan Bahadúr, Deputy Collector of Madras, to the Officiating Consulting Architect to Government, dated 16th January 1884, No. 54.

In reply to your letter of the 1st ultimo, No. 1148, I have the honor to inform you that the properties therein named will cost not more than a sum between Rs. 2,800 and 3,000.

From M.R.Ry. P. RAGOONATHA ROW, Dewan Bahadúr, Deputy Collector of Madras, to the Officiating Consulting Architect to Government, dated 8th March 1884, No. 268.

With reference to your letter, dated 29th February 1884, No. 1593, and its enclosures, I have the honor to inform you that owing to unforeseen contingencies, such as the existence of minors, the properties required by you in Moor Street, Moothial Pettah, in connection with the new Government telegraph office cannot be acquired except under the provisions of the Land Acquisition Act X of 1870. This change in the procedure, together with some error of calculation in the first estimate, will involve an additional expenditure of Rs. 610 by way of compensation, &c., for the forcible nature of the acquisition, over and above the Rs. 3,000 already sanctioned; and will take some time before the properties could be handed over to you. A notification, in duplicate, is therefore forwarded, which may be published in the Government gazette with the sanction of Government.

2. If, however, you forward to me the Rs. 3,000 now available immediately, and arrange to forward the balance, Rs. 610, as soon as practicable, I shall try to put you in possession of all the three properties in a short time from the date of the publication of the notice.

3. The two tracings forwarded with your letter under reply are herewith returned.

From Major J. L. L. MORANT, R.E., Officiating Consulting Architect to Government, to the Collector of Madras, dated Chepâk, 13th March 1884, No. 1634.

With reference to Public Works G.O., No. 481 W., dated 21st February 1884 (paragraph 2), I have the honor to request your aid in helping me to acquire for Government the plot of land referred to for a sum not exceeding Rs. 3,000.

2. Two letters from the Deputy Collector are forwarded, for your information, together with two tracings, all of which please return at your convenience.

From C. D. MACLEANE, Esq., Acting Collector of Madras, to the Officiating Consulting Architect to Government, dated 3rd April 1884, No. 320.

With reference to your letter, No. 1634, dated the 13th March 1884, I have the honor to inform you that I regret I cannot help you, as the land referred to is worth really more than the sum of Rs. 3,000.

2. The enclosures to your letter under reply are returned.

From Major J. L. L. MORANT, R.E., Officiating Consulting Architect to Government, to the Chief Engineer, Public Works Department, dated Chepâk, 23rd April 1884, No. 102.

With reference to paragraph 1 of your memorandum, No. 17 E., dated 17th April 1884, I have the honor to resubmit the tracings referred to.

2. According to the draft notification sent by the Deputy Collector, which is also enclosed, the area of the whole land, consisting of three separate properties, is one ground and 1235⅓ square feet.

ORDER—dated 7th May 1884, No. 1153 W., Public Works.

The land referred to will be taken up under the Land Acquisition Act, as recommended by the Deputy Collector of Madras in his letter to the Consulting Architect to Government, No. 268, dated 8th March 1884.

2. The Collector will take order for the acquisition of the land in accordance with the provisions of Act X of 1870, the requisite notification being published in the *Fort St. George Gazette.*

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following papers :—

From Major J. L. L. MORANT, R.E., Officiating Consulting Architect to the Chief Engineer, Public Works Department, Government of Madras, dated Chepâk, 26th November 1883, No. 1084.

2 Tracings.

In proceeding to mark out the telegraph office stables (sanctioned in Public Works G.O., No. 2140, dated 4th August 1883) I find that the piece of land on which they are to be built and which has been duly purchased for the purpose is a portion of a larger piece of land which it would be very desirable to secure for other Government buildings. For example, the Postmaster-General's and Postmaster's coach-house and stables might be here erected together with the telegraph office stables.

2. If only the telegraph office stables are built, as sanctioned, they practically prevent (by hemming them in) the small pieces of land adjoining them from being hereafter used, if so required. This will be seen from the accompanying sketch.

3. I have therefore the honor to request permission to purchase, through the usual channel, the other portions of land which can probably be purchased for about Rs. 3,000.

4. I will then submit proposals for duly utilising the whole of the ground.

From the same Officer, dated Chepâk, 1st December 1883, No. 1147.

In reply to your memorandum, No. 2343 C., dated 29th November 1883, I have the honor to state that Rs. 1,840-9-2 were paid for the piece of land required for the telegraph office stables.

2. The additional land suggested to be taken up will suffice for erecting coach-house and stables for the Postmaster-General and Postmaster, leaving the sheds and stables for the mails, mail sergeants' quarters, and horsekeepers' huts to be erected elsewhere.

3. I have addressed the Deputy Collector to let me know the fair probable value of the land.

From the same Officer, dated Chepâk, 6th February 1884, No. 1478.

I have the honor to solicit permission to purchase the land adjoining the piece already acquired for erecting the telegraph office stables, referred to in my letter, No. 1084, dated 26th November 1883. Even should it be decided not to construct stables on this site, the land would be valuable for erecting a public building upon, being situated close to the harbour. The Deputy Collector says its price will be between Rs. 2,800 to 3,000.

Order—dated 21st February 1884, No. 481 W., Public Works.

The proposal of the Consulting Architect to Government to purchase the land adjoining the plot already acquired for telegraph office stables, is sanctioned, on the understanding that the cost is not to exceed Rs. 3,000.

2. The Consulting Architect will, in communication with the Collector of Madras, take the necessary steps for the acquisition of the land.

3. The cost will be debited to the grant for the new post office.
