READ—the following papers :—

No. 6 T.C.

Report by the Superintending Engineer, VI Circle, on the estimate for constructing bells of arms and quarter-guard combined for the 30th Regiment, Native Infantry, at Trichinopoly, Rs. 10,315.

In G.O., No. 3128 W., of 5th November 1883, an estimate, amounting to Rs. 8,450, for this work was sanctioned and the work is in progress. But in paragraph 4 of the G.O. under reference, it is ordered that verandahs to bells of arms should be provided; a supplemental estimate, amounting to Rs. 1,865, is therefore now submitted for sanction through the Military Department, *vide* G.O., No. 483 W., of 21st February 1884.

2. The standard plan having been designed without verandahs, simple brick pillars with openings of $12\frac{1}{2}$ feet seem most adapted, and the shelter of verandahs on three faces as shown in the plan is considered sufficient.

3. The estimate is recommended for sanction.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

ORDER—dated 21st February 1884, No. 483 W., Public Works.

In modification of the practice at present followed with regard to the submission of plans and estimates for buildings required by other departments, the Government direct that the following procedure be invariably adopted in future.

2. Plans and estimates for buildings required by the Revenue Department should be submitted by the Executive Engineer to the Superintending Engineer, who, after scrutiny, will forward them to the Collector of the district for approval and counter-signature. If the Collector be satisfied as to the suitability of the proposed accommodation in the Revenue Department, by whom, if approved, they will be transferred to the Public Works Department for disposal, after final scrutiny by the Chief Engineer.

3. In the case of plans and estimates for court-houses, the documents will be forwarded by the Superintending Engineer to the District Judge for transmission, through the High Court, to Government in the Judicial Department, and the same principle will be followed with regard to estimates for Registration, Police, Jail, and other Civil Departments. The Superintending Engineer will forward the documents to the Head of the Department concerned, who will submit them to Government in the Department of the Secretariat from which he receives his orders.

4. The course at present adopted with regard to estimates for Military buildings is laid down in G.O., No. 1381 W., dated 14th June 1880, but here also a modification of practice appears desirable. In future such plans and estimates will be forwarded by Superintending Engineers for approval to the General Officer Commanding the District or Division. The General Officer will transmit the papers to the Quartermaster-General, who, after obtaining the approval of His Excellency the Commander-in-Chief, will submit them direct to Government in the Military Department. After approval in the Military Department they will be transferred to the Public Works Department for disposal, after final scrutiny by the Chief Engineer.

*NOTE.—In the case of Ordnance, Commissariat or other departmental buildings, the approval of the head of the department should be obtained before the plans and estimates are submitted to His Excellency the Commander-in-Chief.

5. It must be understood that these orders apply only to works which are beyond the power of sanction of local authorities, and are not intended to alter the procedure laid down in G.O., No. 3211 W., dated 6th December 1882, with regard to the submission of Local Fund projects.

21st FEBRUARY 1884, No. 483 W., PUBLIC WORKS.

6. The Secretary, Code Committee, will take the necessary steps for embodying these rules in the Public Works Code, in modification of paragraphs 1168 and 1335

NOTE OF REMARKS.

1. The accompanying plan and estimate provide for verandahs to bells of arms, combined with quarter guard, for the 35th N. I. Regt. at Trichinopoly. The estimate amounts to Rs. 1865, and is supplemental to the estimate sanctioned in G.O. No. 312877 of the 5th Nov/83, which amounts to Rs. 8450, thus giving a total of Rs. 10,315.

2. The plan and estimate have been prepared under para. 4 of G.O. No. 312877 of the 5th Nov/83. The verandah, which runs along the three inner faces of the building,

is 8 $\frac{1}{2}$ feet wide in the clear.
It is open, the roof being
supported on pillars of
brickwork, and 12 $\frac{1}{2}$ feet
apart from each other.
The scantlings of joists
and bressummers are
correct.

3. The plan and estimate
have been countersigned
by the Asst. G. Mr. Genl.
